

SLAUGHTER OF REBELS HEAVY SERVICES HELD FOR HERRICK IN PARIS

PEOPLE OF FRANCE PAID MAGNIFICENT TRIBUTE TO HERRICK

SWIFT FRENCH CRUISER TO BRING BODY OF AMBASSADOR TO HOMELAND

PARIS, April 4. (AP)—The people of France today poured out unbounded tribute to the memory of Myron T. Herrick, beloved American ambassador who so greatly endeared himself to the hearts of all Frenchmen in the World war.

Gathered around his bier draped with the stars and stripes in the American embassy, the French cabinet, the army, the diplomatic corps and many Americans now in Paris paid their last farewell to the late American ambassador.

No more notable gathering ever paid respects to the memory of a foreigner in the French capital. With the exceptions of Marshal Joffre and Lyautey, too aged to expose themselves to fatigue, all the leaders of the French army were present, including such noted figures as Petain, Franchet D'Esperey, Gouraud, Dubail and Lassel.

Members of the government were there in full, headed by Premier Poincare and Foreign Minister Briand.

The ceremony at the embassy was one of simplicity. Pershing, was the first to say goodbye to the ambassador in a touching manner. The general painted Ambassador Herrick as faithfully that many eyes were wet as his voice vibrated with unmistakable signs of his own emotion.

Count Quinones De Leon, the Spanish ambassador who represented the diplomatic corps as its dean, next spoke, and told of the qualities of loyalty and patriotism which had made Ambassador Herrick work so faithful.

General Poincare, who spoke last, surpassed himself. In the presence of the body of the American ambassador who had had conversations of the greatest consequences with him in 1918 and whom he had always recognized as the best friend of France, the premier's voice lost the sharp and sometimes rasping accents usual to him in political speeches.

Religious Simple.

The cortege to the American cathedral and the religious ceremony there were in keeping with the program at the embassy. All with utmost simplicity with an impression of grandeur and sincerity. Among those at the church was Elihu Root who joined the pallbearers there.

J. P. Morgan, unable to attend

All France Mourns

Apparently fully recovered from the illness with which he was stricken one year ago, Ambassador Myron T. Herrick succumbed to Paris to a recurrence of the bronchial disorder brought on by exposure and fatigue of attending the funeral of Marshal Foch.

Count Quinones De Leon, the Spanish ambassador who represented the diplomatic corps as its dean, next spoke, and told of the qualities of loyalty and patriotism which had made Ambassador Herrick work so faithful.

General Poincare, who spoke last, surpassed himself. In the presence of the body of the American ambassador who had had conversations of the greatest consequences with him in 1918 and whom he had always recognized as the best friend of France, the premier's voice lost the sharp and sometimes rasping accents usual to him in political speeches.

Religious Simple.

The cortege to the American cathedral and the religious ceremony there were in keeping with the program at the embassy. All with utmost simplicity with an impression of grandeur and sincerity. Among those at the church was Elihu Root who joined the pallbearers there.

LEADING AERIAL STUNT FLYER WILL COME TO CORSICANA

INTEREST INCREASING DAILY IN OPENING OF CORSICANA MUNICIPAL AIRPORT

Negotiations were completed Thursday with one of the leading aerial stunt flyers in the Southwest to stage some unique features at the opening of the Corsicana Municipal airport on April 27-28, General Chairman W. C. Stroube announced, and visitors to the airport are assured some breath-taking stunts which will include wing walking, parachute jumps and other spectacles.

With constantly increasing interest being shown in the formal opening of the port, officials in charge of the celebration decided that additional parking space would be needed and several acres off adjoining farms were leased Wednesday for use during the opening days. These parking places will be open to the public without charge.

The latest parking places are on the west side of the airport and so located that people may sit in their cars and watch the various events with comfort. Plans have been made to detour all through traffic by other routes for the two days and allow only visitors to the celebration to follow the road now in use. This will lessen materially the hazards about the port and will provide considerable additional parking space.

A meeting of the chairman of the various committees charged with the preparations of different features of the opening is planned for the early part of next week, and each chairman will make a preliminary report and outline the plans made by his committee. The final drive for the completion of all details is expected to start immediately after the general meeting.

A number of the officials in charge of the Corsicana celebration will attend the opening of the Mineral Wells airport on Saturday and Sunday, and will inspect the facilities of that field and observe the plans for the entertainment of the visiting planes and visitors.

Preliminary grading work on the field is expected to be completed Thursday, and cross-grading will start at once. Sodding of the field will be started the early part of next week.

MONTGOMERY WARD BUILDING CONTRACT IS LET THURSDAY

Contract for the new Montgomery Ward building being erected by L. T. Davis on the lot at the corner of West Sixth avenue and South Main street was awarded to J. E. Metcalf and Son of Corsicana after the bids had been opened and tabulated at the First National Bank Thursday afternoon. The entire contract amounted to approximately \$70,000. M. T. Horne of Corsicana is architect for the building.

The structure will be built to a height of two stories with foundation and walls of sufficient size to enable an addition of another tier at a later date. Seventeen inch walls are specified in the contract. The building will be finished in a buff brick and terra cotta, and will include elaborate show windows. The store will face Sixth avenue.

J. M. Johnson Company of Dallas were awarded the electrical contract.

Lindbergh Flies As Fiancee Stays On the Ground

MEXICO CITY, April 4.—(AP)—Col. Charles A. Lindbergh made a flight over Mexico City today while his fiancée, Miss Anne Morrow, remained at the embassy residence. The colonel flew over the embassy residence and swooped low while Anne, from the courtyard, watched him.

Contrary to reports in the United States, Anne Morrow does not intend to fly to Brownsville, Texas. The reports are thought to have their origin in inquiries made by secretaries for the passage of her sister, Constance Morrow, from Mexico City to Brownsville, by air.

Constance, a student at Milton, Mass., has been visiting her during her Easter holidays. She plans to fly Saturday as a passenger on the Mexico City-Brownsville line, and then take a train for the rest of the journey.

Page Old Trail Drivers For Last Trek of Cattle

DALHART, April 4.—(AP)—Old times in the west will be recalled about April 20, when Bivens & Wagner, cattlemen of Amarillo, will drive 4,000 cattle from near Toyah to their ranch near Romero.

It is expected it will take about 60 days to cover the 400 mile trip. The greater part of the distance will be through the Southwest, entering New Mexico just east of Carlsbad, as there are practically no fences to obstruct the drive. Drivers estimate it will take at least 15 men to make the drive. A string of about 100 horses will be required. Old time cattle drivers say this probably will be the longest trip, largest drive which will ever occur.

THREE MEN DIE IN PLANE CRASH AT KANSAS TOWN

PROMINENT SCOTT CITY PHYSICIAN AMONG VICTIMS OF ACCIDENT THURSDAY

SCOTT CITY, Kas., April 4.—(AP)—Three men were burned to death here today when a plane crashed and burst into flame.

The dead are:

DR. C. C. MCGINNIS, prominent Scott City surgeon.

CHESTER RILEY, Scott City, a traveling salesman.

JOHN FLOURNOY, Wichita, the pilot.

Flournoy had taken the plane, belonging to Bert Schmidt, a Wichita oil operator, into the air to warm it up preparatory to starting on a fishing trip. It circled the city, and was said by witnesses to have crashed from about 500 feet.

Schmidt and two other men, John Newsom, and Vane Watt, both of Scott City, saw the plane crash, but could not describe the cause for the accident. The three men were to have been passengers on the trip.

New Braunfels Youth Shot In School Play

AUSTIN, April 4.—(AP)—Benno Neuse, 18, of New Braunfels, accidentally wounded while participating in a school play at Buda, when wadding from the blank cartridge of a shotgun, fired at close range, penetrated his abdomen, was near death in a hospital here today.

Young Neuse was a member of a school group which entered in an interscholastic league theatrical competition. He was playing the part of a northern soldier searching for a confederate in a southern home, when the woman of the house, a role taken by one of the school girls, opened fire with a shotgun.

WASHINGTON, April 4.—(AP)—A subcommittee of five members of the house agriculture committee composed of Chairman Haugen and Representatives F. C. Clegg of Indiana, and Williams of Illinois, the ranking republican members, and Aswell of Louisiana and Kinchloe of Kentucky, the ranking minority members, was designated today to draft a farm relief bill.

WASHINGTON, April 4.—(AP)—The big problem now confronting the senate and house agriculture committees, as the time approaches for them to begin writing the new farm relief bill, is what policy to pursue with respect to defraying the cost of controlling crop surpluses.

In the opinion of many administration leaders, the testimony of Secretary Hyde has virtually settled other phases of the farm relief plan that will be presented to the special session of congress. It is the consensus there must be a federal farm board with broad powers, commodity advisory councils to keep a close watch over production and marketing methods of the various crops, and stabilization agencies to buy up surpluses and flet them out on markets so as to maintain a constant price level.

But there is still a major difference as to how the cost of controlling surpluses is to be met, and in this connection the debenture plan advocated for many years by the national grange appears to be arousing considerable interest in and out of the committee. Some

MEXICAN FEDERAL AVIATORS ARE SHOT DOWN NEAR NACO

REBEL FIRE EXPLODES GASOLINE TANK AND BOMBS BEING CARRIED

NACO, Sonora, April 4. (AP)—Two Mexican federal aviators, were shot down by rebel gun fire this morning while engaged in a raid on General Topete's troop train.

The aviators who crashed to death were Capt. Juan Gutierrez, who came to Naco from Mexico City, and Lieut. Jesus Goana, believed to be from Mexicali.

The plane was on its fifth trip over the rebel camp and was flying at an altitude of between 3,000 and 4,000 feet. It was seen to break into pieces and explode as rebel shells hit the gasoline tank and the two bombs it was carrying were exploded. The crash occurred one mile south of the federal trenches.

Bombing and counter bombing had started the day's hostilities when the federal plane, on its first two trips flew over the troop train and dropped four 50-pound bombs while two rebel ships hurled eight bombs on government positions.

Numerous Bombings.

NACO, Sonora, Mexico, April 4.—(AP)—Bombing and counter bombing opened Mexican hostilities here today. A federal plane flew over General Fausto Topete's rebel troop train several miles from town, and dropped four bombs while two rebel ships hurled eight bombs on government entrenchments.

FIRST VIOLATORS UNDER JONES LAW ARE CONVICTED

WASHINGTON, April 4.—(AP)—So far as official advice to the department of justice are concerned, the first sentences imposed under the Jones law, prohibiting the export of goods from the United States to the Northern California district.

The attorney reported that three persons were convicted under the Jones law, sentenced one to 15 months each in the McNeil Island penitentiary and fined \$3,000. The department did not know whether the convicted persons were bootleggers of casual violators.

BIG SUIT IS FILED.

NEW YORK, April 4.—(AP)—Suit for \$1,450,000 was filed in the supreme court today by Maximilian Morgenthau, son of the former ambassador to Turkey, and 92 other investors in Boca Raton real estate in Florida against T. Coleman Du Pont, Jesse L. Livermore and 12 others who were officers of the Mizner Development Corporation.

WASHINGTON, April 4.—(AP)—The mill was operated three years but has been idle since that time, King said.

King and Ray Holder and Dewey Young, members of the subcommittee, refused to recommend to the special session that the Houston bank be allowed to start suit against the State for collection of notes alleged to be due.

WASHINGTON, April 4.—(AP)—The new McNary bill, which is generally regarded as providing the way of farm relief, makes no provision for the functions which the equalization fee was intended to serve. It provides for government loans to stabilization agencies with which to buy up surpluses, and the assumption is that if the agencies should lose money, they would not be required to pay back the full amounts borrowed.

Marilyn Miller Signs Contract To Make Talkie

NEW YORK, April 4.—(AP)—First National Pictures announced today that Marilyn Miller had signed a \$100,000 contract to make a talking picture. The company holds an option on a second picture and if it should want her for a third her pay would jump to \$150,000.

Miss Miller, now appearing in "Rosalee" in Chicago, will report for work in the talkies at Hollywood by June 9. Her first picture will be "Sadie" the Ziegfeld musical comedy in which she was starred on Broadway several seasons ago.

FIRST PICTURES OF LINDY'S SISTER

It was only recently revealed by the reticent Lindbergh family that the Flying Colonel had a sister, Mrs. Eva Lindbergh Christie shown above with her children, is Lindy's half-sister and is living in comparative obscurity at Red Lake Falls, Minn. She is a child by the flyer's father's first marriage.

HUSBAND OF WOMAN STORM CENTER IN OKLAHOMA QUILTS PLACE WITH STATE REGIME

OKLAHOMA CITY, April 4.—(AP)—Much political speculation has been brought to a close with the announcement that Dr. O. O. Hammonds has resigned as head of the state health department, and the resignation has been accepted by Governor W. J. Holloway.

Withdrawal of Dr. Hammonds, husband of the former confidential secretary of Henry S. Johnston, former governor, has been forecast for several days.

While the name of Dr. Hammonds was drawn into the impeachment trial, which resulted in the removal of Johnston, the health director did not play as prominent part in the trial as did his wife.

Whether said one night, when he had waited in Governor Johnston's outer office for some time for an opportunity to see Johnston, he heard Dr. Hammonds tell his wife "this affair with the governor has gone far enough."

"Shut your mouth," Wheeler quoted Mrs. Hammonds as retorting. "We'll get ours while we can."

STATE MAKES OFFER TO HOUSTON BANK IN OIL MILL MATTER

AUSTIN, April 4.—(AP)—An offer of \$30,000 in cash and return of machinery of the Richmond oil mill bought by the prison commission in 1920 for \$125,000 was made to attorneys representing the Houston National Bank, holder of unpaid notes in the transaction, by a subcommittee of the house appropriations committee today.

The state refused to make any further payments on the property other than an initial sum of \$30,000, claiming an exorbitant price was paid for the mill. A. H. King, of Throckmorton, member of the subcommittee, said after today's hearing that the state would not pay the balance of the unpaid notes.

King and Ray Holder and Dewey Young, members of the subcommittee, refused to recommend to the special session that the Houston bank be allowed to start suit against the State for collection of notes alleged to be due.

Handshakers Placed Hoover In Painful Way

WASHINGTON, April 4.—(AP)—Word went out from the White House today to members of the house and senate that they must be more considerate in sending their constituents to the executive mansion to march in the semi-weekly presidential handshaking line.

Yesterday 1,775 people filed through the executive office and grasped President Hoover's hand. The muscles of the hand became sore so he was able to write only with great difficulty for some time afterward, and he felt also the handshaking had been a considerable strain upon him.

The legislators on Capitol Hill have been asked to limit themselves to ten constituents at each reception. Yesterday one member of the senate, Copland of New York, sent 188 people to the White house with the necessary credentials, a letter of introduction to the president's secretary.

MEXICAN REVOLT DEALT STAGGERING BLOW BY FEDERALS

NORTHERN REBEL ARMY REPORTED ALMOST ANNIHILATED IN 4-DAY BATTLE

(By The Associated Press.)
Terrific slaughter of a strong rebel force trapped at La Reforma north of Jimenez was reported to the government by General Almazan, commander of the federal advance guards.

Cavalry, artillery, infantry and airplanes were coordinated in a smashing battle, the rebels treating from Jimenez, which the federals captured early yesterday.

The virtual "annihilation" of an army of several thousand retreating insurgents was claimed, the number of dead being described as "stupendous" with at least five hundred wounded and the rest captured or dispersed.

From Santa Rosalia, midway between Jimenez and rebel stronghold at Chihuahua came a conflicting report. This declared the insurgents had launched a counter-attack and there was fighting in the streets of Jimenez.

In some quarters this was thought to refer to rebel cavalry charge of 1300 men against the troops of General Ortiz before the retreat from Jimenez.

To Continue Extermination.
General Calles announced the campaign of "extermination" would continue and 5000 men also were being diverted to the states of Jalisco and Guanajuato to combat the so-called religious insurgents there.

The rebel leaders, Escobar, Carranza and Urbalejo were said to have escaped with a portion of their original force of 6000 men and to be en route to Santa Rosalia.

The rebel army of General Almazan defeated in its effort last week to capture Mazatlan on the west coast was reported in full retreat northward with federals at their heels.

Another rebel bomb fell on American soil at Naco, and the tension already existing for a long time increased as air raids continued and cavalry skirmishes developed south of that place.

It was believed an attack on Naco would be made shortly to improve the rebel position along the border in the event of a new advance before the federal arms pressing northward in Chihuahua and Sinaloa.

MEXICO CITY, April 4.—(AP)—The Mexican rebellion emerged today from behind a long veil of mystery in Southern Chihuahua a shadow of the movement which on March 3 threatened the government.

(Continued on Page 11.)

CONFERENCE ON PROPOSED REMOVAL ODD FELLOWS HOME WILL BE HELD HERE SUNDAY

A conference between members of the I. O. O. F. Orphan's board of trustees and a committee composed of members of the Corsicana chamber of commerce and Corsicana lodge No. 63, I. O. O. F., will be held at the Odd Fellows home here Sunday afternoon at 2:30 at which time it is expected that the question concerning the rumors of removal of the home and the relocation at some other place, probably a site between Dallas and Fort Worth will be discussed. It is not known whether this question is the occasion of the visiting here of the board of trustees and Lieut. Governor Miller, J. K. Sachse, Sachse, Texas, chairman; W. R. Francis, Fort Worth, vice-chairman; H. W. Wray, Dallas, treasurer; L. L. Lindsey, Forney; J. O. Ward, Mercedes; C. P. Master, Pecos Gap. The visitors will begin arriving Sunday about 11 o'clock and luncheon will be served them at the home. A business session will be held Sunday afternoon about 2:30 o'clock and the trustees will likely remain in Corsicana until Monday with the possible exception of Lieut. Gov. Miller.

Ross G. Harris is superintendent of the home.

Local Odd Fellows and chamber of commerce officials asked for a conference with the trustees several days ago and the Sunday meeting here was referred to by Mr. Miller in his reply.

The local I. O. O. F. citizen special committee is composed of John C. Hughes, general chairman; Charles G. Jester, chairman of the special chamber of commerce committee; Lowry Martin, W. A. Tarver, J. Pat Brown, J. M. Dyer, R. H.

E. Smalling, Max D. Almond, A. G. Elliott, Lloyd Wheelock, W. F. Thompson, W. P. McCammon, W. F. Thayer, W. Roy Christian, J. E. Butler, R. S. Reid, noble grand, Corsicana Lodge No. 63, I. O. O. F., E. A. Johnson, past grand master, W. T. Parker, C. L. Jester, J. S. Murchison.

The steering committee appointed from the above group is composed of John C. Hughes, chairman; Lowry Martin, H. L. Smalling, J. E. Butler, W. A. Tarver, Lloyd Wheelock.

Local Odd Fellows and citizens were aroused by the reports from the sessions of the grand lodge of Texas held recently at Beaumont to the effect that it was likely that the home would be disposed of and moved to another location and that the machinery of such a move was set up at the convention. Nothing definite has been announced or done with reference to the proposed moving of the I. O. O. F. home here, but local Odd Fellows and citizens immediately made plans to find out the status and take steps to insure the keeping of the home in Corsicana.

A meeting of the special committee of Odd Fellows and citizens will be held at the headquarters of the chamber of commerce, Friday morning at 11:30 o'clock.

Suit For Partition Of Minerals Under Goodwin Ranch Filed

BRECKENRIDGE, April 4.—(AP)—W. C. Goodwin today filed suit for partition of minerals in and under the Goodwin ranch in Stephens county against C. L. Essel and 11 other defendants.

The plaintiff alleges he is the largest owner of mineral rights of 640 acres. To lease or sell without the signatures of the 411 defendants, who are scattered throughout the world, the action was brought to definitely determine their ownership. The petition alleges some of the defendants own as little as 1-160,000 of the tract.

ENGINEER AND LITTLE GIRL KILLED IN FREAK ACCIDENT AT DENTON GRADE CROSSING

DENTON, April 4.—(AP)—A Denton family of six sat in their automobile at a railroad crossing here last night, waiting for a long string of freight cars that blocked their path to allow them to pass.

There was a deafening crash and the freight cars writhed and buckled. Six of the heavy cars rolled over and crushed the car and the wreckage of one fell upon the car.

Mary Lynn Church, 3, sitting on the front seat with her parents, was killed instantly when caught between the cars and crushed. Her father, Herbert Church, was crushed so badly he probably will die.

Mrs. Church and three other children miraculously escaped serious injury. They were taken from beneath the mass of heavy timber, their automobile was almost flattened and was surrounded by wreckage of the six box cars.

A quarter of nine on a rainy Friday morning, the morning of the explosion and repeated many times, "My God what did I do, what did I do?" was told by American agent, Robert W. Bonyon. The testimony was given to him, he said, by Kristoff's cousin, a Mrs. Chapman, who lived in the aunt's house.

Germany contends the Black Tom explosion, and the fire at the Kingsland, N. J., munitions assembling plant were due to an industrial mishap, not chargeable to Germany.

A story of how Kristoff returned to his aunt's home, where he lived, the morning of the explosion and repeated many times, "My God what did I do, what did I do?" was told by American agent, Robert W. Bonyon. The testimony was given to him, he said, by Kristoff's cousin, a Mrs. Chapman, who lived in the aunt's house.

Germany contends the Black Tom explosion, and the fire at the Kingsland, N. J., munitions assembling plant were due to an industrial mishap, not chargeable to Germany.

Both engines were overturned and derailed badly. The engineer and fireman of the fast freight were not seriously hurt.

The track on which Weirline's train stood was torn up for several hundred yards.

MAN KILLED IN CRASH.

CORPUS CHRISTI, April 4.—(AP)—W. H. Rice of McAllen was killed and Mrs. C. H. Brigham and W. E. Voss of Robstown seriously injured in an automobile collision in an automobile collision on the west of here. Four other persons were slightly hurt.

CONTRACT WILL BE LET FOR HIGHWAY 75 BEFORE END OF MAY

THIS IS ASSURANCE COUNTY ENGINEER BEFORE C. OF C. DIRECTORS

Assurance that contracts on Federal Highway 75 through Navarro county with the exception of a strip through the city of Corsicana would be let by the end of May was given the board of directors of the Corsicana Chamber of Commerce Tuesday morning by W. W. McClendon, county engineer.

A report of new developments in the securing of an educational institution for Corsicana was presented as the first item of business, but after considerable discussion, the matter was referred back to the special committee that has the proposition in charge.

W. W. McClendon, county engineer, reported to the directors that since the last meeting of the board state and federal engineers had visited Corsicana in an effort to smooth out the difficulties that have arisen on the route to be followed through the city. After spending three days here on the ground, no solution was presented that was acceptable to all parties, but it was advised that perhaps the best possible solution was for the federal government to participate to within about two miles of the city in each direction along the highways, and let the contractors from those points each way to the county line; the gap could then be adjusted in the best possible manner. The county engineer reported that with a small amount of work the plans would be ready to have contracts let immediately, perhaps by the next meeting of the highway commission, and if not by April 22, at the latest by the next meeting.

Likes Seventh Street. State Engineer G. B. Gilchrist is committed to the Seventh street designation according to information received here, and State Engineer Alger has been instructed to complete his plans as though the Seventh street route had been designated. By the latter part of May all of the contracts should be awarded and perhaps construction underway.

Plans are now ready for the awarding of the contract for the Three Way filling station on the road to the oil fields. Lowry Martin reported that considerable interest in general road building was evidenced at the Highway 75 meeting at Fairfield recently, and that many of the counties had practically completed their segments of the national thoroughfare.

Commissioner Favors Plan. County Commissioner Jack Mcgarity declared that he was in favor of accepting the proposal of the federal engineers to let the federal aid road on either side of the city and get as much as possible under construction. With the roads which the county must con-

struct to connect with the main highway, through traffic will be using the road perhaps a year earlier than it was thought for some time.

It was reported that a group from the highway committee had planned to go to Beaumont Thursday in interest of the Beaumont-Fort Worth highway through Palestine and Corsicana. It was also indicated that Maj. Joel P. Lightfoot of Fort Worth was opposed to the move.

F. N. Drane expressed the opinion that the city would be materially damaged if it insisted on bringing the through traffic on the federal highway through the business section of the city, and that he personally thought that the best plan would be to allow them to place it farther east.

W. D. Brown briefly presented some facts concerning the rumored moving of the Odd Fellows Home away from Corsicana, and detailed the work done by a committee Monday night. He read a reply from Barry Miller, grand master of the order stating that the grand master and members of the board of trustees would be in Corsicana Sunday and would be glad to confer with local officials.

A. A. Allison reported that he believed that Governor Moody would allow the junior college law enacted by the past legislature to become a law without his signature.

By unanimous vote of the board, Congressman Luther A. Johnson was named to represent Corsicana at the annual meeting of the United States Chamber in Washington in May.

The report of the auditor was read, and ordered received and filed.

Airport Plans Told. W. C. Stroube reported that plans were moving along well for the great opening planned for the Corsicana Municipal Airport on April 27-28, and asked the support of every director.

A letter was read from Judge H. C. Nash accepting the office as an honorary director. Secretary Christian was authorized to make suitable arrangements for entertaining about sixty members of the junior and senior classes of Texas A. & M. College on their annual visit to Corsicana.

It was suggested that the board of directors meet at 10:30 in place of 11 o'clock on their regular meeting day but no definite action was taken.

The directors extended a vote of thanks to the various luncheon clubs of the city for their courtesy in accepting the suggestion of the chamber for a joint meeting on April 16 to Gardner S. Rogers, city planning expert.

Among those present at the meeting were R. L. Wheelock, Ted Ferguson, A. A. Allison, Jack Mcgarity, A. G. Elliott, W. P. Brown, J. M. Dyer, Sr., Lowry Martin, J. A. Alger, W. W. McClendon, F. N. Drane, W. R. Christian, W. F. McCammon, J. E. Butler, S. J. Thigpen, N. S. Roberts, B. H. Jester, W. C. Stroube, J. N. Edens, W. H. Hastings, J. S. Murchison and Sydney Marks.

SON BORN IN WASHINGTON.

A son was born to Lieut. and Mrs. Roark Montgomery at Washington, D. C., Tuesday and Mrs. Fannie Carroll left Wednesday morning for Washington to be with her daughter and grandson. The boy has been named Roark Montgomery, Jr.

SUFFERS 20 YEARS; THEN FINDS HEATH

"I suffered from inactive liver for twenty years and about three years ago I became so terribly run-down I could not attend to my household duties without stopping to rest."

MRS. JULIA OAK.

"I would have such severe pains in my stomach after meals that I would have to run for the soda box. Dieting did not help me, and even the best medicines I could buy did not reach my case. "But Sargon went right to the root of my trouble without losing a minute's time. I never saw anything like it. I felt better from the very first dose, and now I eat anything I want without any ill effects. I am not the least bit nervous and I feel so well and strong and even after I get through with my housework I want to be up and on the go. "Sargon Soft Mass Pills completely overcame my liver trouble and constipation. They act so gently that they did not upset my system or make me the least bit sick. "I know from experience that the Sargon treatment will end stomach and liver complaints. I feel just like I have been made all over like new, and I want all my friends to know what this grand medicine will do."

The above statement was made recently by Mrs. Julia Oak, well known and highly esteemed resident of R. F. D. 1, Box 157, San Antonio, whose motherly kindness has endeared her to hundreds of friends throughout her community. Sargon may be obtained in Corsicana from McPherson Drug Co.; in Kerens from Walker Drug Store; in Rice from Rice Pharmacy; in Richmond from Brown Drug Co.; in Blooming Grove from Old Corner Drug Store, and in Dawson from Loveless Drug Co. (Adv.)

COURT HOUSE HAPPENINGS

District Court. The following have been summoned as petit jurors for the second week of the April term of the Thirteenth Judicial district court for the week beginning, Monday, April 8:

Fred Kessinger, Corsicana; R. H. Mayo, Corsicana; H. H. Horn, Corsicana; L. W. Ashmore, Corsicana; W. B. Baker, Corsicana; J. J. Bledsoe, Corsicana; J. A. Briethaupt, Corsicana; G. C. Younger, Corsicana; Jos. Trimble, Corsicana; Harry Miller, Corsicana; E. Seara, Corsicana; R. C. Sizemore, Corsicana; J. P. Avery, Blooming Grove; R. O. Barham, Blooming Grove; E. D. Burns, Blooming Grove; E. H. Campbell, Blooming Grove; W. A. Crawford, Blooming Grove; J. B. Fesmire, Blooming Grove; H. B. Blake, Corsicana; C. S. Harris, Corsicana; Ernest Watson, Corsicana; M. R. A. Lou Trammell, Kerens; F. H. Massey, Kerens; Conner Kirk, Kerens; W. E. Ferguson, Wotham; W. T. Arnett, Barry; D. T. Collins, Barry; J. A. Gillen, Barry; G. W. Nash, Barry; Lawrence Collins, Chaffield; J. S. Finch, Chaffield; W. L. Garner, Chaffield; J. R. Brown, Corbet; J. O. Davis, Corbet; J. M. DuBose, Corbet; W. P. Pool, Corbet.

The Navarro grand jury was still in session Wednesday morning.

County Court. The case of P. Pritchett vs. Powell Salt Water Company, et al. damages, which has been on trial all of the week was still in progress Wednesday morning, but court attaches were of the opinion that the case might be concluded late Wednesday afternoon.

Sheriff's Office. Sheriff Rufus Pevehouse and Deputy Sheriff V. McMurray recovered a 1926 Ford roadster stolen in Hillsboro, March 26, when Roy Austin and Dee Reeves were alleged to have broken out of the Hill county jail and made their escape. The car had been abandoned near Pickett and was discovered by residents of the Pickett community in a wood. No trace of the men has been found. There is a \$25 reward for the car and \$50 each for the two men.

Warranty Deeds. J. M. Anders to R. I. Todd, 5 acres of the H. H. Horn survey, \$230. E. D. Wilson, et ux, to Mrs. E. D. Hendon, lot 3, block 1, Frost addition, Corsicana, \$10 and other considerations.

Transfer of Lease. Byron Cheney to the Texas company, 70.9 acres of the Philip Highnote survey \$504.90.

Mineral Deed. M. C. Strange to W. E. Bonds, 1-64th interest in 25 acres of the W. H. Smith survey, \$10.

Constable's Office. Charles Fields and Robert Durham, negro bangers, were arrested.

BONDS MUST BE VOTED TO BUILD JUNIOR COLLEGE

MEASURE BECAME A LAW WITH CONSENT OF GOVERNOR OR WITHOUT SIGNATURE

The junior college bill, which had been awaiting the signature of Governor Moody, has become a law without his signature, but with his consent. A. A. Allison stated today. Due to the fact that there were so many measures before the governor at the last of the legislative session, he did not have time to consider the merits of the bill. On account of the great demand by the citizens of the state for the passing of the bill and the overwhelming majority by which it passed the two houses, he consented to its validity.

Through the efforts of Representative Ernest Cox, a number of citizens under the leadership of Mr. Allison secured an interview with the governor for the purpose of discussing the bill with him. Gov. Moody replied that it would be unnecessary for them to see him since the bill had been adopted. "It will be some time yet before the bond election can be called," Mr. Allison stated, "because it is

necessary for the citizens of Navarro county to authorize the calling of the election. After it is authorized the election will be put up to the county at large," Mr. Allison declared, "but it if does not pass the county at large it will be up to the citizens of Corsicana." Mr. Allison stated that it was hoped that the bonds would be voted by the county at large, since it would insure the building of a larger college, and would serve the rural communities with the same opportunities as the people of Corsicana.

No definite arrangements have been made for the building of the college, but it is thought that if the bonds are voted the work will begin by Sept. 1, 1930.

Representatives Ernest Cox and A. N. Justus were instrumental in securing the passage of the bill.

JUDGE HICKS IS NAMED CHAIRMAN OF MILITARY TRAINING

Warren Hicks, formerly county judge of Navarro county, has been selected chairman of Navarro county for the Citizens' Military Training Camp program for 1929. Mr. Hicks served in this capacity during the year 1928. Application blanks may be received by those interested in enrolling in one of the

Citizens' Military Training Camps. To secure prompt consideration, these interested are urged to secure application blanks at once. Applicants from Navarro county will normally be sent to Fort Sam Houston, Texas. Navarro county is expected to furnish 27 acceptable applications. At the present time there has been 10 applications filed. The 1929 camps will be held at the following places and on the dates indicated:

Fort Sam Houston, Texas, June 14-July 13.
Fort Sill, Okla., July 5-August 3.
Fort Logan, Colo., June 20-July 19.
Fort Bliss, Texas, July 25-August 23.

Camp S. D. Little, Ariz., August 1-August 30.
Fort D. A. Russell, Wyo., June 20-July 19.

Anyone interested in the Citizens' Military Training work may secure application blanks and further information by calling at the office of Warren Hicks, Room 6, Corsicana National Bank building.

When A Nation Slumps And a Man With a Message Appears

In the Story of the Decline of the Ancient Jews May be Read a Truth for These Times—Religion's Relation to Nationalism.

By WILLIAM T. ELLIS

Pity the people who spend their days reading modern booky philosophy, listening to up-to-date philosophical discussions. Most of them are missing the great truths of the times. Behind and beneath all the clack and clatter of our day's professional debate upon morals and religion and philosophy there is a sweeping and immense tide of popular concern about God and the soul of man.

In a recent article, the Archbishop of York says: "There is a great movement in the religious world today, especially perhaps in Germany, toward the reassertion of the unutterable majesty of God. That He is the one ultimate truth; of all else we can only say that for His pleasure they are, and were created. His sovereign will is the source of all existence and of all value. Our duty is in listening to His will and obeying it." The Vision that Makes Prophets

That is the great idea which made Isaiah the greatest of all prophets. He caught a glimpse of the ineffable majesty and might of God. From that truth of God's being and sovereignty derived all of his message to his times, and to the succeeding world.

Here is a truth to grasp by the handle. Professional thinkers and teachers are all going mad over the notion of the supremacy and divinity of humanity. Modern education is being recast to the conception that the teacher's one work is to give the pupil's personality a chance to develop. Liberty is supplanting law in the theory of pedagogy. The Ten Commandments are not as important according to the prevailing fashion, as the whims and impulses of the child.

Again this cult there is a deep revolt among the men and women who do real thinking in the light of their experience of actual life. They know themselves and they know human nature. Therefore they are clamoring for more of authority in all realms of life, and especially in the department of ethics and of spiritual experience. This unleashed individualism which has of late been popular in many spheres. It has crowded our courts with criminals, our schools with melancholy experimenters, our social circles with inciters and supporters of bootleggers, the business world with a cult of "get-rich-quick-regardless" and our supposedly intellectual circles with irresponsible freerisks.

Concerned and scared, the average man and woman are turning yearningly toward God and the moral law. A sense of His authority, of His right and of His will, is bringing us toward the Isaiah mood of awe for the holiness of the Sovereign Jehovah. In that direction alone lies rescue from moral disaster. We have been cultivating the enlarged ego; worshipping the perpendicular pronoun; crying "Great is Man!" Now, we need

to fall prostrate before the sublimity of his own unworshipable High, and cry "Holy! Holy! Holy!" Human Cockiness vs. Divine Right

Something of a sense of humor creeps into a contemplation of the cockiness of modern teachers and the humility of great Isaiah. This increases as we survey the content of the contrasted messages. The Hebrew prophet is still a trumpet voice of the ages, and his words are today fertilizing the minds of mankind; whereas our too-vocal professors would like us to forget what they said yesterday, as we obligingly do. There is hope and courage and cheer and inspiration in the utterances of the son of Amoz; results which no one claims for the "new" philosophies of our day.

Isaiah was overwhelmed by a consciousness of his own unworthiness, crying "Woe is me, for I am undone!" Every man who beholds the holiness of God is bowed down into deepest humility by the sense of his own unworthiness. Thus he is made ready to become a herald of God. From that truth of God's being and sovereignty derived all of his message to his times, and to the succeeding world.

Any religious experience which does not eventuate in duty done is unlikely to be valid. "Here am I, send me," is the cry of the servant who has seen the King. To become His messenger, His word-carrier, His errand-runner thenceforth is the whole of life's mission. Would we have a revival of religion? It can come—aye, we may say it is coming, along the way indicated by the Archbishop of York—only by a conviction of the character and greatness of God.

What Makes a Prophet? A prophet is one who speaks forth the highest truth he knows. A few evenings ago a group of men were gathered at dinner, to hear an address by a famous psychologist, who, in the somewhat technical terms of a schoolman, talked about the six sides of human life and their consequences upon conduct, especially in youth. Like many modern scientific presentations, it was wholly materialistic and fatalistic and depressing. After perfunctory expressions of pleasure, the gathering was about to break up, when one man asked, "Professor, what place do you accord to religion in influencing character?"

"None," replied the psychologist matter-of-factly; "up to twelve years of age a child has no experience of religion, and it does not affect his character at all."

"Let me tell you a story," continued his questioner. "When I was ten years of age, I met with a dreadful accident!"—and he gave the details—and by all the laws of probability, I should have died in that remote field and my bones have been picked by the crows and

the turkey buzzards and insects. But I prayed God to send some one that way, and I promised Him that if I was found, and recovered, I would live only for Him. After five hours, a person who had never crossed that field before, and did not know why he crossed it at that time, found me, and brought help. Several times before they got me home they stopped the wagon to let me die in quiet. The physician at first did not attempt to treat my wounds, because I was dying. I alone knew that I would not die, and that God and I had a compact. Because of that childhood experience, my life since has been spent in Christian service.

"Now what do you say about that?" Because he is an honest scientist, the professor admitted the evidence as wholly valid, but attributed it somewhat to precocity! He could not quite forego his generalization.

However, the discussion was on, other men came forward with their views, and before the evening was over the psychologist's mechanistic views had been obscured by a great body of reality. Yet had not one man spoken forth the truth that was in him, the evening would have counted against the supreme reality. Whoever witnesses to his deepest experience and highest conviction is a prophet.

A Real Man in Terrible Times As in most Bible messages, there is a geographical and historical aspect to this lesson. It befell in the tragic times of Hezekiah, when Assyria and Egypt were contending for world supremacy across the little bridge country of Judea. The Bible record is corroborated by the monuments. The story is written in stone, as well as on parchment. It was a historic tragedy which engulfed Isaiah.

What complicated the problem, and brought ultimate disaster, was that the Jews counted largely upon Egypt and Assyria as factors, and upon their own favored position, but left God out of the account. They did not see that the morals and religion of the people had anything to do with national destiny; whereas these really were the determining factors. No problem, yesterday, today, or tomorrow, is ever solved aright unless God is taken into the reckoning.

SEVEN SENTENCE SERMONS No man can produce great things who is not thoroughly sincere in dealing with himself.—Lowell.

The secret of life is not to do what one likes, but to try to like what one has to do.—Dinah Huloch Carlik.

Dare to be true, nothing can need a lie: A fault which needs it most, grows two thereby.—George Herbert.

Happiness was made to be shared.—Racine.

The righteous shall flourish like the palm tree: he shall grow like a cedar in Lebanon.—Psalm 92:12.

So I go on not knowing, 'tis better not to know: I'd rather walk with God in the dark than walk alone in the light; I'd rather walk with Him by faith, Than walk alone by sight.

I will this day try to live a simple, sincere and serene life, repelling prompt every thought of dis-

content, anxiety, discouragement, self-seeking; cultivating cheerfulness, magnanimity, charity and the habit of holy silence, exercising economy in expenditure, carefulness in conversation, diligence in appointed service, fidelity in every task, and a child-like trust in God.—John H. Vincent.

The International Sunday school lesson for April 7 is, "The Ministry of Isaiah"—Isaiah 6:1-8; 20:1-2; 38:1-5.

Notre Dame Irish in Close Win vs. Billies

BROWNWOOD, April 4.—(AP)—Notre Dame's baseball nine continued its triumphant invasion of Texas by taking a hard-fought 1 to 0 decision from Daniel Baker College Wednesday. Two errors by the Billies' infield, the only blemishes of the game, enabled the Irish to put over the winning run in the eighth.

Explosion Wrecked Pump House Teague Plant Early Sunday

TEAGUE, April 2.—Early Sunday morning a terrific explosion occurred in the water pump house of the city water works.

R. G. Radford, superintendent of water works, was busily engaged in making some repairs on one of

the air compressors, when the compression exploded, blowing off the entire end of it. A large section of the roof was blown off and all of the rest of the roof was dislodged. The front door of the building was shattered into atoms, while every window in the building was broken.

Corsicana Invites You

To Attend the
DEDICATION OF THE
Municipal Airport
AND INAUGURATION OF PERMANENT AIR SERVICE

Apr. 27-28th

Day and Night Programs Will Be Given.

Spectacular stunt flying by skilled pilots. Formation flying by American Army planes—Aerial "Dog Fights"; parachute jumping; forced landings and other hair-raising features.

Many army and civilian planes will participate in the air circus stunts, and formation flying, which will feature both days. Many of the country's most famed pilots and flyers will participate in the dedication and program. Also big, tri-motored 14-passenger plane will be here.

Hundreds of dollars will be given away in aviation prizes. Big parade showing evolution of transportation. Impressive dedication program at airport. Many prominent state and national officers of aviation will be here. Five bands, and other attractive features.

Don't miss what promises to be the biggest event in the business and commercial activities of Central Texas.

Everybody is co-operating and everybody will be there.

Co-operating Organizations that will make the airport opening a big success are as follows:

Shrine Club
City Commission
Chamber Commerce
Rotary Club
Lions Club
Civitan Club
Country Club
Advertising Club
Retail Merchants
Commissioners' Court
American Legion
Press
Business and Professional Women's Club.

CLOTHES don't make the man, of course—but why is it that successful men invariably are well-dressed? To the well-dressed man, nothing could recommend an oxford that did not fit the ankle as well as it fit the foot. That explains the rapidly mounting demand for

Nunn-Bush Ankle-Fashioned Oxfords carefully hand-tailored to eliminate gapping at the ankle and slipping at the heel. The new styles are here.

Good looking and comfortable

Nunn-Bush

Ankle-fashioned Oxfords

The looks and feel of Nunn-Bush ankle-fashioned oxfords impart that feeling of pride which is experienced only by wearing the finest.

They snuggle up around the ankles in hand tailored fashion—no unsightly gapping, no slipping.

They're here, ready for your inspection.

CORSICANA, TEX., APRIL 5, 1929.

FEWER ONE-ROOM SCHOOLS.

In the modern school system the trend is toward elimination of the "little red schoolhouse." These little one room schools of the rural districts, which were so large a factor in the development of American civilization and so generally held in affection, are slipping behind in the march of progress. Each year witnesses abandonment of 5,000 of them.

Consolidated schools are supplanting the one-room school, each one of the former taking the place of several of the latter. Though great credit is due the "little red schoolhouse," it was not as efficient an educational machine as this new institution with its supervisor and teachers trained in universities and normal schools, the most modern of school buildings and equipment, and educational standards on a par with those of the large town. The one-room school served its purpose well, but its successor is more in keeping with the demands of modern times.

Consolidated schools are possible only because of improved year-round highways, greater rural prosperity and the awakening of rural America to the need of education. Each of these imposing structures is a monument to the desire for knowledge and appreciation of the value of education which are evident among the people living close to the soil.

DESPOILERS.

It is easier to exterminate the boll weevil than to get rid of the road side vandals; the motorists and hikers who "make the wild flowers wild," who raid every delicate plant that blossoms, break shrubs, rob the farmer of the fruits of his toil and litter every pleasant spot with their picnic debris. Appeals for forbearance, it seems might as well be addressed to insect pests as to this species of despoiler, the range of whose blight is co-extensive with automobile highways and mountain pathway.

When the marauding first reached serious proportions it was said the vandalism was merely the result of thoughtlessness, that the manner of the motorists and hikers would improve as soon as they realized that they were making themselves obnoxious—a vain hope.

Every beautiful growing thing in woods and fields is plucked without conscience and without mercy. Then there is the progressive killing, which cannot be computed in terms of dollars, of many varieties of wild flowers and plants all too rare.

Some, when they found the pickers were increasing more rapidly than the flowers, realized this was no longer the flower-pickers paradise and went to the woods and field to see instead of to pick and pluck. That laws and fines are necessary to preserve and protect the gifts of nature to mankind is a sad commentary on the American people.

The automobile party that strips a hill side of its spring flowers gratifies its own greed but mars the beauty of nature and denies to thousands of others the rare privilege of viewing it.

These wives that are so handy with the shooting irons should be deported to Mexico where their talents would be appreciated. It has reached the stage where the tamest little woman in the world suddenly develops into a two-gun shooter on the least provocation. Husbands are not safe any more—if ever.

APRIL AND SPRING.

Signs of Spring! The signs are legion but never any mention of a sign of summer, fall or winter. Why does one watch for and believe in signs of the advent of only spring, unless it is because no other season is so welcome and no other sign so easy to believe? One believes in signs one wishes to come true.

John Burroughs observed that spring extends from the middle of March to the middle of June, coming to a close only with the unfolding of the last leaf. But April is the very heart and soul of spring.

April was the month of wonders and immeasurable joy for those immortal naturalists Thoreau, Whitman, Burroughs, Hudson and Wordsworth. The signs of spring they observed during this month of thirty days were not mere fantasy of guess-work prophecy. They knew the secrets of nature and that spring is her busy season and April her house cleaning month.

The house cleaning example set by spring in the month of April should be followed by our citizenship. As Mother Nature issues a new and bright color scheme to cover the drab of winter the householder should at least keep pace with the picture of new life painted with a thorough campaign of renovation.

Spring will take care of the trees, flowers and grass but man must tend the physical property.

THE SEASON OF FLOODS.

Another disastrous flood has been playing havoc in the South. This time the danger from an unsuspected quarter and found the inundated territory wholly unprepared.

The Mississippi—Father of Waters—the Ohio, the Allegheny, the Missouri and other great rivers have been overflowing their banks since time immemorial and are expected to do so at least once a year. But lazy streams like the Pea river, White Water creek, Big creek and the Chocawatchee river have no such violent and vagrant habits, in consequence of which a sudden rampage on their part can cause more damage to an unwarned region than the swollen Mississippi can cause to its shore dwellers who have learned ever to be on the alert for rising waters.

Truly, the peril of flood has become one of the prime menaces of American life. Seldom a year passes without adding to the large list of flood disasters. The threat must be met as any other grave problem is, by studying and adoption of modern methods of defense.

The Mississippi and its major tributaries are supposedly in way of adequate control when the great federal works are completed. But the job will not end there. Virtually every state has a flood control problem to tackle. Where these are not interstate the federal government is unlikely to render financial aid.

DANGEROUS.

O. O. McIntyre, New York columnist extraordinary, and a great lover of dogs, writes as follows in the Sunday issue of the Fort Worth Star-Telegram: "On upper Central Park West one day last week there were ten unmuzzled and unleashed police dogs in seven blocks. Few writers have been more eager to defend the dog than this one and my love for all canines includes the beautiful police dog. Yet the specimen is too near the wolf strain to roam at large, and owners who permit them to do so are making it extremely difficult for dog owners who obey the law. Police dog owners will tell you their dog is under control. No police dog is under perfect control. The most perfectly trained one I ever saw leaped from his master the other day and left a fluffy six-months-old puppy ripped open and lifeless at his feet."

Human ingenuity can not be said to have reached its zenith until someone perfects a piece of china that will wash itself while the owner is at the movies.

DIVERGENT MARRIAGE LAWS.

Forty-eight states and the District of Columbia have upon their statute books laws regulating marriage. The wide divergencies among these measures, their excellencies and deficiencies and modern trends in state control over marriage furnish an illuminating and voluminous survey.

While all states specify how marriage ceremonies shall be performed, only 24 require a ceremony in order to make a marriage valid. In the remaining states a mere private agreement between a man and a woman, without witness or recorded promise, constitutes a marriage if no impediment exists. Among the states in which these "common law marriages" are still valid are such large and populous states as New York, Pennsylvania and Ohio.

On the point of age requirements there are marked variations. If their parents consent, girls of 12 may still be legally wed in Colorado, Florida, Idaho, Louisiana, Maine, Maryland, Mississippi, New Jersey, Rhode Island, Tennessee and Virginia. In other states the minimum marriageable age is 14 or 16, with the exception of New Hampshire where it is 18 years. A general tendency to raise the minimum marriage age is indicated by recent legislation for this purpose in California, Kentucky, Minnesota, Missouri, New Hampshire, New Mexico, New York, Pennsylvania and Vermont.

Hasty marriages with their attendant evils are still possible in most states. In 12 states, however, a period, usually five days, must elapse after the license is applied for before the ceremony may take place.

Taken as a whole, the nation's divorce laws seem highly acceptable. If there are defects, they are rapidly being eliminated to the betterment of society and the institution of marriage.

A PLAN NEEDED.

The discussion which surrounds the approaching extra session of congress has emphasized the need for urgent action to provide farm relief and alleviate other problems.

If there is a disposition on the part of congress to sidestep what will be a difficult and lengthy task, such a course will be materially assisted by failure of the executive branch of the government to prepare a concrete, promising plan. The desire to rebuild political fences will be compelling to many members. They will be willing and anxious to quit Washington as soon as possible.

In default of a plan for farm relief, lacking concrete suggestions, embodying recommendations by the president, congress not only will be in no position to consider the question to a conclusion, but it will be justified in following the easiest way and postponing consideration until another session.

The problems do not admit of such delay. The nation is looking to the executive and legislative branches for a solution. In order that one may be found the president and his advisers must have their plans ready when congress convenes.

China is now crowding Mexico for page one revolutionary news. A little co-operation on the part of the leaders in these two widely separated countries and this unfortunate conflict for desirable locations in the daily newspapers could be avoided.

Why shouldn't President Hoover give up the presidential yacht? With a fleet of battleships at his beck and call what earthly use is a small yacht to a man of such large affairs?

The Hoover market finally turned a handspring and the "easy riders," in large numbers, were "hook loose."

Lightening doesn't strike twice in the same place, principally because the second time the spot isn't there.

It takes nine tailors to make a man, but one sensible woman can handle the job more efficiently.

National Chamber To Guide Destiny Of Cooperatives

By FRANK I. WELLER
(Associated Press Farm Editor.)
WASHINGTON, (AP)—Through the American Institute of Co-operation, an important and far-reaching effort to coordinate the business forces in agriculture has been undertaken by a trade organization known as the National Chamber of Agricultural Co-operatives.

The idea was initiated at the institute's meeting in Berkeley, Cal., last summer and developed by a committee selected from 35 nationally known leaders of agricultural business co-operatives. The aims of the new body have been outlined to President Hoover by co-operative leaders who describe the chamber as a national overhauled organization representing farm business groups in national matters wherein they have a common interest.

C. O. Moser of Dallas, Texas, president of the American Cotton Growers' exchange, acted as spokesman for the delegation and told Mr. Hoover the chamber would represent farm business groups doing more than \$1,000,000,000 worth of business annually for about 1,000,000 farm families.

Ratification of the articles of association will proceed rapidly during the spring and summer, and the chamber will be formally launched at the meeting of the American Institute of Co-operation in Baton Rouge, La.

The 35 co-operative business leaders who called upon the president represent the various large commodity federations of local and regional co-operative associations and some of the larger co-operative purchasing associations.

They said the national chamber would be organized on a divisional basis; the livestock co-operatives having one division, the dairy co-operatives another, the cotton co-operatives a third and so on until each major commodity were represented.

It will be the purpose of the chamber "to develop bonds of friendship, understanding and mutual helpfulness among agriculturally business co-operatives, to work out policies of common concern to all co-operative business associations, and in general to further the co-operative commerce of agriculture."

ANOTHER BASEBALL LEAGUE IN PROSPECT IN CENTRAL TEXAS

Roy Aiken of Mexia, well-known baseball man, coach, player and scout, was in Corsicana Tuesday afternoon in the interest of the proposed organization of a six or eight club class D league with a salary limit of \$1,500, including that of the manager and to be composed of rookies. He stated that Mexia was ready to go forward in the proposed league and that he had been assured that Corsicana would be ready to enter such a league.

Among the towns being approached in regard to the proposed league are Mexia, Corsicana, Ennis, Terrell, Kaufman, Greenville, Athens, Cleburne, Hillsboro, Marlin and Temple and among formerly were members of the old Texas association and Greenville formerly was in the old East Texas league.

BASEBALLS GUARANTEED 18 innings—\$1.50—City Book Store.

IMMEDIATE NEED OF AGRICULTURE IS TOLD BY SECRETARY

BROAD RELIEF PROGRAM PROPOSED BEFORE SENATE COMMITTEE WEDNESDAY

WASHINGTON, April 3. (AP)—Secretary Hyde told the senate agriculture committee today the immediate need for assisting agriculture is to pass the McNary bill at the special session.

Mr. Hyde proposed a broad relief program including governmental assistance in marketing, revision of tariff on agricultural products, development of inland waterways. This, he said, would require a period of years and could not all be carried out in the special session.

Asked by Chairman McNary if the bill he introduced last fall which did not contain the controversial McNary-Haugen equalization fee provision would meet the immediate requirements, Secretary Hyde replied passage of a bill similar in intent to this measure appeared to be the clear mandate of the country.

A strong federal board, he said, was necessary, with authority to loan money to stabilization agencies to take up seasonal surpluses and feed them on the market slowly to maintain a more constant price level.

The secretary was questioned closely by Senator Norris, Republican, Nebraska, as to what he would suggest to take place of the equalization fee as a means of defraying possible losses in the handling of crop surpluses. Mr. Hyde replied the federal board should be created with sufficient authority to work out all of the multitude of problems involved in the farmers' troubles.

WASHINGTON, April 3. (AP)—Revision of the tariff on farm products, reduction of transportation costs by the development of inland waterways, and federal assistance in marketing through a farm board, were recommended to the senate agriculture committee today by Secretary Hyde as the basis for a sound agricultural relief policy.

The secretary read his views from a prepared statement. Although he had had a long conference with President Hoover last evening, he emphasized he was speaking for himself alone.

"I wish to state," he said, "that in discussing the subject, I am speaking for myself alone. I have not within less than a month, had the opportunity to consider the problem in detail and I shall not attempt to present any detailed piece of legislation. You gentlemen are very much more fitted for that task than I."

"I have long been interested in the ends to be accomplished by relief rather than by the legislative method. While I make no pretense of being an expert, I do claim the same earnestness of purpose which dominates your board in its quest for solution of this vexing problem."

Mexia High School Student Wins Essay Contest in District

MEXIA, April 2.—(SI).—The essay by Tommie Randolph, Mexia high school student, which won in a contest of the local Women's Friday club, has been awarded first place in the third district of Texas Federation of Women's clubs according to information here. The essay was on "Why I Should Vote." The prize was a gift from Mrs. C. D. Kelly, of Groesbeck. Tommie is president of the press club of the Mexia high school and is a senior.

REPEAL STATE PROHIBITION ENFORCEMENT ACT FAVORED BY WISCONSIN VOTERS TUES.

MILWAUKEE, April 3.—(AP)—Anti-prohibitionists scored a victory in the referendum election yesterday when an overwhelming sentiment in favor of repealing the Severson state prohibition enforcement act was registered. Returns from 1494 of the state's 2759 precincts, showed 205,812 in favor of repealing enforcement act and 103,062 opposed to repeal. On the other question of removing home brew penalty the vote in 1531 precincts was: yes, 192,065; no 104,042.

Returns compiled by the Associated Press indicated the majority in favor of repeal would be considerably less than was recorded in 1926 when the referendum memorializing congress to modify the Volstead act to permit the manufacture and sale of 2.75 beer carried by a margin of 172,000.

Most counties ran true to form but five which favored modification two years ago switched to oppose repeal of the state enforcement act. They were: Bayfield, Eau Claire, Juneau, Monroe, and Trempealeau.

Yesterday's vote will have no effect upon the state enforcement laws until the legislature acts; and the vote is not binding upon the lawmakers. The purpose of the referendum was to obtain by a "yes" and "no" vote the sentiment of the voters. There appeared no doubt, however, but that the legislature would shape its action by the result of the voting.

"The way to national repeal is through state repeal," was the battle cry of the wets and represented by the association against the prohibition amendment. They asked the state to join Montana, New York and Nevada in repealing the state enforcement law, placing the enforcement entirely in the hands of the federal government.

Dry forces, composed of the anti-saloon league, W. C. T. U. and national prohibition party as well as independent committees urged the state to uphold federal enforcement, while republicans pleaded for voters to "stand by president Hoover."

PIONEER RESIDENT FROST DIED MONDAY BURIAL TUESDAY

FROST, April 2.—(SI).—D. M. Jordan, aged 80, pioneer resident of Frost, died here Monday afternoon about 5:30, after an illness of several weeks. Funeral services were held Tuesday afternoon from the Frost Baptist church, Rev. H. A. Conway, pastor of the Hope Baptist church of Corsicana officiating. Interment was in the Frost cemetery.

The deceased had lived in Frost many years and is survived by his wife and five children, Mrs. Ross Brown of Frost, Mrs. Ernest Eddleman of Italy, Mrs. R. W. Byrd of Waco, W. E. Jordan of Frost, and A. D. Jordan of New Jersey.

BRUTON AND TWO COMPANIONS FAIL TO ESCAPE PRISON

HUNTSVILLE, April 3.—(AP)—Three long term convicts who attempted to burrow their way to liberty from the state penitentiary were back in their cells today after 28 hours spent in a tunnel under the engine room.

The trio, A. P. Bruton, Robert C. Peck and Jim Norton, were caught last night by a searching party headed by Warden Harrel. The hole in which the fugitives were found, five feet long and six feet deep, was believed to have required weeks of labor. It was ingeniously sunk through a concrete floor of the engine room.

Peck is serving two 99-year terms for robbery with firearms; Bruton terms of 99 and 75 years for bank robbery; and Norton 99 years for robbery with firearms.

RHOADS BROS. JEWELERS

NEW AVERY SOUTHERN QUEEN CULTIVATOR

"Balanced tension" control

Eliminate the old practice of back-breaking cultivating! Let the New Avery Southern Queen and the team do the hard work while you watch the results. Hard steering is not necessary; this cultivator does away with that.

A very special feature of this Avery implement is the "Balanced-Tension" control. This provides for the weight of the gangs to be offset, or balanced, by spring action. Manipulation of the gangs, therefore, is very easy for the operator and little effort is required to lift the shovels clear of the ground. This also permits full penetration without the operator having to exert downward pressure.

Furthermore, there are other big features of the Southern Queen which make its field performance unequalled; the sturdiness of construction, all round excellence of design and the fact that the shovels and sweeps fit the beds and middles. This implement does not do a "half-way" job.

Come in and see the Avery line at your first opportunity.

There is a full line of Avery walking, riding and tractor plows, tillage implements and Champion harvesting and haying machines.

LONE STAR LOOP OFFICIALS TOOK CLUB MONDAY NIGHT

NUMBER OF DEALS SOUGHT
FOR LOCAL CLUB WERE
UNSUCCESSFUL

DALLAS, April 2. (AP)—McKinney probably will be a member of the Lone Star league this year, instead of the Corsicana Oilers. President Fisher told Dallas baseball officials Corsicana definitely has dropped out, due to inability to raise the amount thought necessary for operation of the club. Ray Falk, pilot of the Oilers, is to boss the McKinney outfit if the transfer is completed. Final disposition of the Corsicana franchise will be made at a meeting of Lone Star league officials this week.

By PAUL MOORE
The Corsicana baseball franchise in the Lone Star league was definitely relinquished by local officials to league officials Monday night and in all probability the franchise will be placed in McKinney this week after a number of deals had fallen through and the time limit had expired. The Oilers in the drive for funds to operate the club will be returned to the donors within the next few days by Harold Melear, club secretary. Oilers officials expressed disappointment that the necessary arrangements for a ball club were not made and are of the opinion that a backward step was taken. It was pointed out Tuesday that the officials of the club made every effort to get help from other clubs to start and finish the season. For a time it looked like a deal with Beaumont of the Texas league would be made but when the time came for definite assurance that financial aid would be guaranteed, it fell through. When the last proposition had expired and had been turned down by Beaumont, local officials wired to Fisher, Paris, president of the Lone Star league, Monday night after hearing from Rube Stewart, president of the Beaumont club, that they did not deem it wise to operate a club this year. After a thorough evaluation of the returns from the letters sent out asking for funds and the newspaper appeals to send in the money to keep the club in Corsicana and counting the promises of contributions and a reasonable estimate of what would be expected, the Oilers officials stated that those business establishments of Corsicana which would derive the most direct benefits from a club seemed the least interested and some of them have not even answered the appeal in any manner.

Insufficient Funds.
Continuing, the officials point out that of the \$3,500 in sight, \$1,000 would have to be put up as a guarantee and \$300 additional for league operating expenses, which would leave \$2,200 to start the financing for the season, less than one month's salary for a club. Last year, with the most inexperienced club in the league, composed of a number of rookies and a few old players, the team finished last and didn't sell any players, operating at a loss of approximately \$8,000, which was borne by six individuals. The \$8,000 loss last year did not cost the citizens of Corsicana anything and all debts of the club were paid, and those who have been footing the bill are of the opinion that it is only fair that the burden should be borne by the citizens who got the benefit of the club. Another thing mentioned by the officials was that it seemed that the league again would not adhere to the salary limits and that a team composed of rookies and youngsters could not hope to compete with the old veterans who have been gathered in one or two clubs of the league and also realizing that a losing club would not be supported at the gate, the officials came to the conclusion that it seemed like bad business to start

Roaming the Realm of County Sports

By DELMORE OLSEN.

Athens, Texas, champions in basketball, are still very much in the running for the championship of the Stagg National Interscholastic Basketball tournament being held in Chicago. These long tall players from the eastern portion of the state have caused a lot of commotion in press dispatches and are among the favorites to cop the national schoolboy title.

According to an announcement by W. H. Norwood, principal of the Corsicana high school, the district track, field and literary meet will be held in Hillsboro Friday and Saturday, April 12 and 13. Winners in all departments for the Navarro county meet will be entered in the meet and will compete against the entries of Hill, Bosque, Ellis and Johnson counties for the right to participate in the state meet held in Austin. Judging from the records made at the Navarro county meet, several boys will show the world some speed and endurance in the district meet. The class A champions, have the largest number of participants in the district meet. In the class B department, Chester Strain of Frost and Forest Blount, Rice, were the outstanding men in the county meet and should place in the district.

Of all sports sponsored by Corsicana high school, we believe it is harder to letter in track than in any other. Coach Douglas stated that a track man must place in the district before he can claim a letter in track. Of the large number of candidates reporting for track, only four have a change of lettering, Eldon Megarity, Lee Newland, Allen Moore and Ed Price.

"It won't be long now," is the cry of the baseball fans. The National and American leagues open their season April 16th and the Texas league the following day. If one can judge by preseason doings, the National league is due to have the greatest race for the pennant. The Chicago Cubs, New York Giants, St. Louis Cardinals and the Pittsburgh Pirates, all seem to be potential flag winners. With the addition of Hornsby to the roster during the winter months, the Cubs present a strong bid for the bunting. The Giants, Cardinals and Pirates have been active during the trading season and have added strength to their teams. In the American league, the Yankees are given the winter margin over the remainder of the field. A vote of sport writers covering the spring training of the American league clubs make the Yankees favorites. The Philadelphia Athletics and St. Louis Browns are rated next best in the junior circuit. The Texas league has undergone a thorough renovation during the winter, and a hot race for the bunting is in sight. However, baseball championships are won on the playing field and not on paper, so no one can tell how the teams are going to finish. The Yankees, last year during spring training, were declared to be weaker than in former years. Well, they might have been weak in spring training but they started off like a house afire in the regular season and won the world's championship by handing the St. Louis Cardinals four straight defeats.

Notice where Roy Alken, well

the season with a club of youngsters without sufficient funds to guarantee the finishing of the season.

A list of the persons and amounts given are available it was stated and anyone who desires to know actually what was pledged will be given that information. Oilers officials declared that they regretted as much as other fans the losing of baseball and feel that the fans and citizens of Corsicana have taken a backward step in not supporting a team this year.

TEXAS HAD LITTLE DIFFICULTY WITH OKLAHOMA CAGERS

HORNETS WILL MEET NAUGATUCK, CONN., THURSDAY NIGHT

CHICAGO, Ill., April 4.—Athens, champion of Texas, justified the prestige it had gained in Texas, by progressing through to the third round of the Stagg national interscholastic basketball tournament, defeating the Central high school of Oklahoma City, 24-15.

Athens will meet Naugatuck, Conn., the champion of the Eastern seaboard title, Thursday night at 8 o'clock and the winner will enter the quarter final competition. The Texans, their height still giving them a decided advantage, had things as they pleased Wednesday night and stepped into a 7-6 lead at the quarter. The count at the half was 14-7 by holding the opposition to one point and at the three-quarter stage was leading, 18-12.

Athens, Texas (24)—B. F. P. E. Tompkins, rf., 4 2 0 3 0 3 J. Tompkins, lg., 4 0 1 1 0 1 Brannon, rf., 1 0 0 0 0 0 Total, 24 15 Central, Okla. City (15)—Soergal, lf., 1 0 1 0 1 0 Higfill, rg., 0 0 0 0 0 0 Johnson, c., 3 1 2 0 0 0 Bruner, lf., 1 0 0 0 0 0 McAdams, rf., 0 1 1 0 1 1 Stains, rg., 1 1 2 0 1 2 Total, 15 24

CHICAGO, April 4.—The task of selecting a national high school basketball champion today had narrowed down to the job of finding the best of 16 teams remaining in the play at the University of Chicago National prep school tournament.

Having successfully passed two hurdles barring its path to a second national title, Ashland, Ky., today faced Classen high of Oklahoma City, Okla., champions. The title holders came through yesterday in their second round game against Lakeland, Fla. Yesterday's scores championship tournament: College Grove, Tenn., 30, Moorehead, Minn., 29. Wheeling, W. Va., 54, Boaz, Ala., 25. Pocattello, Ida., 34, Cumberland, Md., 30. Jackson, Mich., 27, Columbia, S. C., 24 (overtime). Yankton, S. D., 25, Bristol, Conn., 14. Los, Colo., 41, Laurel, Del., 7. Warren, Ark., 38, Crane, Chicago, 30. Naugatuck, Conn., 38, Newport News, Va., 22. Vienna, Ga., 32, Johnston City, Ill., 23. Ashland, Ky., 21, Lakeland, Fla., 12. Classen, Oklahoma City, 25, Granite, Salt Lake City, 23.

Today's championship games: 11 a. m.—Raton, N. M., vs. Wheeling, Miss. 12 noon—Jena, La., vs. Heath, Ky. 3 p. m.—College Grove, Tenn., vs. Ashland, Ky.

BASEBALL PRACTICE TO OPEN AT ONCE AT ODD FELLOWS HOME

Baseball practice at the I. O. O. F. Home will begin in the near future, A. A. Vance, coach, announced Tuesday afternoon. Uniforms for the team have been donated by lodges all over the state and the Lions club of Corsicana donated twenty-five dollars for baseballs. Work was begun Tuesday afternoon on the baseball diamond, smoothing the infield and filling up holes in the outer gardens.

The boys interested in baseball have been used to catch up on farm work during the past week and as a result, the baseball practice was discontinued. Arrangements are under way for a big game on April 26th which is Home Coming Day at the I. O. O. F. Home.

Baseball will be played at the Home all during the summer months, and will continue until football training in the early part of September.

Mexia Gun Club Secures Grounds North of City

MEXIA, April 2.—(SI).—The Mexia Gun Club has moved its traps to a new location on the Wortham road, just outside Mexia. The space formerly used by the gun club is being used as a temporary airplane landing field.

The gun club location is on the Rice institute property, where a lease has been taken. There is renewed interest in the club this spring.

Former Oiler Here On Wednesday

Frank Reynolds, third sacker of the Corsicana Oiler baseball team in the Lone Star league during the 1928 season, was in Corsicana Wednesday afternoon. He arrived Wednesday from the Pacific coast where he spent the winter, and appeared to be in fine physical condition.

Just where he will pastime this summer is not determined at the present time, but he will likely feel with the successor of the Corsicana Oilers in the Lone Star league unless he secures his release.

Teague Track Team To Meet M'Gregor at Waco On Saturday

TEAGUE, April 3.—(SP).—According to Red Forehand, athletic coach for Teague high school, he is going to take his track team over to Waco Saturday for a dual meet with M'Gregor high school of Waco.

Forehand has a mighty good line up, having defeated every track team this year with whom it has competed. This includes Coolidge, Mart and Mexia, besides every team in Freestone county with which it competes in the county meet.

Among the men who are expected to bring home the honors for Teague high are: Jeana, Jameson, P. Smith, R. Smith, Wellman, Dodd and others.

DATES ANNOUNCED DISTRICT EVENTS FIELD AND TRACK

District 11 of the University of Texas interscholastic league track, field and literary meet will be held in Hillsboro April 12 and 13. W. H. Norwood, principal of the Corsicana high school and district director of athletics, announced Tuesday morning after a telephone communication with W. F. Doughty, superintendent of the Hillsboro schools and director general of the district.

All preliminary events will be run off Friday afternoon, starting at 1 o'clock and on Saturday finals will be held in all events, Mr. Norwood announced.

Officers of District 11 are: W. G. Doughty, Hillsboro, director general; H. D. Fillers, Corsicana, director of debate; L. A. Mills, Tascas, director of declamation; Mrs. M. G. Doyle, Hillsboro, director of extemporaneous speaking; Mrs. Oia Lee Bettis, Clifton, director of essay; W. H. Norwood, Corsicana, director of athletics.

Winners in all events of the county meets held in Bosque, Ellis, Hill, Johnson and Navarro counties will be entered for district competition.

Wheeling, W. Va., 4 p. m.—Pocattello, Idaho, vs. Jackson, Mich.
5 p. m.—Yankton, S. D., vs. Joes, Colo.
7 p. m.—Warren, Ark., vs. Vienna, Ga.
8 p. m.—Naugatuck, Conn., vs. Athens, Texas.
9 p. m.—Ashland, Ky., vs. Classen, Oklahoma City.

GOVERNOR CLEANING UP REMAINING BILLS LEFT BY LEGISLATURE

CONGRATULATED FOR VETO-
ING ANTI-SOLTER BILL
LATE TUESDAY

AUSTIN, April 3. (AP)—Governor Moody today vetoed the Sunday moving picture show bill and the measure which proposed to create a court of civil appeals at Greenville. The picture show bill would have repealed a portion of the Sunday blue laws, which have been on the statute books for many years, to allow showing of theatres on the Sabbath after 1 p. m. Most cities are now disregarding the law, proponents of the repeal stated.

Another measure which would have permitted a co-insurance clause to be inserted in policies on cotton, grain and other products in the process of shipping or storing, also met with executive disapproval and was vetoed. The governor said he thought the measure might undermine faith in fire insurance underwriters.

Believed Law Invalid.
The motion picture measure was blue-pencilled because he believed it invalid, the governor explained. He declared the measure, as written, would have legalized operation of theatres on Sundays in any incorporated town unless a city council by ordinance prohibited acts allowed by the bill. Citing statutes covering this phase, the governor maintained the legislature could not authorize a city council to pass an ordinance suspending a general law.

In refusing to sign the Greenville court bill, the chief executive said that he did not agree that the necessity existed for another court at the present time.

Insurance Offices Will Close Early

Members of the Corsicana Insurance Exchange will close at 12 o'clock on Saturdays during the spring and summer months. Edward M. Polk, Jr., secretary, announced after a recent meeting of the exchange.

For the past several years the exchange has followed this custom, and their friends and patrons are asked to take notice.

Home Demonstration Council Will Meet

Council meeting for the Home Demonstration department will be held at the chamber of commerce next Saturday, April 6th at 2 o'clock p. m. Considerable business is scheduled, together with arrangements to be made for a one-day short course to be put on the fourth Saturday of this month, April 27th. All members of council are requested and urged to be present. Visitors are welcome.

SHANKS GIRLS WIN
TEAGUE, April 2.—(SP). In the third game of a series played between the girls' basketball teams of Shanks and Freestone, two of the strongest teams of the county, the Shanks girls won the game 9 to 4. Shanks won each of the other two games 8 to 7, and 14 to 8.

POSTAL TELEGRAPH COMPANY WILL OPEN OFFICE HERE MAY 1

A deal has been closed whereby the Postal Telegraph and Cable company has leased a site in the Levine building on West Fifth avenue and will open a telegraph office in Corsicana about May 1. The location for the new telegraph office will be the building now occupied by the Southwestern Music company.

WHELOCK HEADS NEW MUNICIPAL ADMINISTRATION

BROWN, TATUM, SEALE AND HOWELL OTHER SUCCESS- FUL CANDIDATES

R. L. Wheelock was declared elected mayor of the city of Corsicana and Liston Tatum and W. Pat Brown were declared elected commissioners when the city commission met Wednesday morning to canvass the votes cast in the regular municipal election Tuesday. Approximately forty per cent of the city's voting strength went to the polls Tuesday.

Wayne R. Howell and W. Franklin Seale were declared to have received the highest number of votes and were elected to the offices of city attorney and city tax assessor and collector respectively.

A total of 1267 votes were cast at the four boxes in the municipal election Tuesday according to the official returns made to the city commission Wednesday morning. This number represents about forty per cent of the voting strength of the city; 2578 polls were paid in the city, and there are about 600 exemptions, giving the city a total voting capacity of about 3200 votes.

R. L. Wheelock, unopposed for the office of mayor, rolled up a total vote of 1227, with a few votes written in the ballots. John C. Hughes one vote for mayor in the third and fourth wards; Will Thompson, city commissioner, received one vote for mayor in Ward 4, and J. R. Webb received one in Ward three. These were the only scattered votes in the entire ticket.

Howell's Majority Large
Wayne R. Howell rolled up a three to one majority over his opponent Louis Rothkop. In the commissioners race, Pat Brown staged the most decisive vote of the entire ticket, polling a total of 707 votes in a race of five.

Total votes cast in the various wards were: Ward One 83; Ward Two 234; Ward Three 505; Ward Four 445. In the majority of the boxes the count lacked only a few ballots of being complete at the closing hour and within thirty minutes after the closing of the polls, the unofficial totals were announced at the Daily Sun office.

Judges of the election in the various wards presented their reports to the adjourned session of the commission Wednesday, and the results were then tabulated. A resolution declaring the various candidates elected was then unanimously adopted.

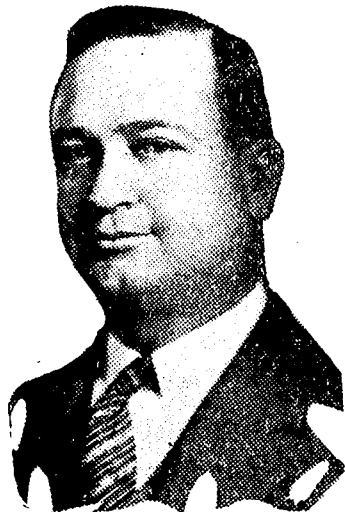

The official totals for the various candidates follow:
For Mayor: R. L. Wheelock 1227; John C. Hughes 2; J. R. Webb 1; and Will Thompson 1.
For City Commissioner: Wilbur Wright 269; E. M. Palmer 483; Liston Tatum 547; W. A. Hammett 335; and Pat Brown 707.
For City Attorney: Wayne R. Howell 916; Louis Rothkop 315.
For Tax Assessor and Collector: S. H. Inman 294; Mrs. M. Lee D. Adams 45; Mrs. Ben Boltz 161; W. Franklin Seale 494; Pick Wood 247.
Wheelock Experienced.
Mr. Wheelock, newly elected mayor, has been police and fire commis-

Wheelock Is New Corsicana Mayor

R. L. WHELOCK.

Lloyd Wheelock, who has been a member of the City Commission for the past three years as Police and Fire Commissioner, was elected mayor of Corsicana at the election Tuesday without opposition.

For the past three years, and his post will be vacant when he qualifies for his new position. He was re-elected last year for a two year term. He is one of the prominent civic leaders in Corsicana, and has a wide host of friends in all parts of the state.

All of the officers named in Tuesday's election drew a term of two years. They will probably qualify and be sworn in at the next regular meeting of the commission on April 16.

Liston Tatum, newly elected commissioner, has been connected with the Tatum Hardware company and the firm of Tatum and Cunningham for a number of years and is a native of Corsicana, having received his education in the Corsicana public schools.

Pat Brown, the other new commissioner, has been engaged in business in Corsicana for several years, is a past president of the Corsicana Civitan club, vice-president of the chamber of commerce, and has established an enviable

NEW BUILDING IS PLANNED MUNICIPAL AIRPORT AT ONCE

PLANS FOR OPENING OF FLY- ING FIELD RAPIDLY ROUND- ING INTO SHAPE

Plans have been started in the past few days for the erection of an administration building at the new Corsicana Municipal airport, and officials in charge of the project have hopes that the building may be completed before the formal opening.

Included in the preliminary plans for the building are offices for the field manager, rest rooms, supply and parts rooms, and possibly a place for some of the concessions. Details of the plans are now being worked out and a definite announcement is expected within a few days.

Work of removing the Texas Power and Light Company high line is expected to start within a few days and the area of the airport will be materially increased and a considerable hazard eliminated.

Recent communications from Sullivan Evans, vice-president of the Texas Air Transport, indicate that his organization will be well represented at the opening and that plans for the stunts for the opening days are rapidly taking shape. Mr. Evans has been named manager of the racing events and other features to be staged with Pilot Charles Pedley and Manager H. J. Nichols as field captains for the days.

The air officials is in immediate touch with a number of the best pilots in the state and a large number are expected to take part in the attractive card that is to be presented including races, stunt flying, spot landings and other aerial maneuvers.

Officials in charge of the opening events have been receiving a number of letters during the past few days to be mailed from Corsicana on the opening days of the celebration, indicating the widespread interest in all parts of the United States in aviation. An additional number are expected before the date for the ceremonies arrives.

Turkey Gobbler and Man Battle for Possession of Poll Tax Receipt at Noon

Believe it or not—
Are turkey gobblers interested in the municipal election and do they vote—if not why did the bird emblematic of Thanksgiving desire a poll tax receipt?

These are the questions being pondered by Kelly McKeown after a hair raising experience with a large and vicious turkey gobbler Tuesday at noon.

According to the story related by Kelley at the Newarrio Barber shop to a group of skeptical but interested listeners as he was returning to his place of business after partaking of the midday meal, carelessly slipping an iron fence with his poll tax receipts he was attacked by the turkey gobbler and the bird grabbed the tax receipt and made off.

Now Kelley is a public spirited man and likes to participate in the city's affairs. He was not going to stand for any turkey gobbler relieving him of his voting credentials in broad open daylight.

He mounted that fence and advanced on Mr. Turkey. The big bird stood his ground firmly grasp-

ing the papers in his bill radiating light from every feather.

"I hate to do it but I must vote," sighed Kelly.

The fight was on. It was who and who for a time. First Kelly on top and then Mr. Turkey. Finally the man wrenched the greatly valued slip of paper from the grasp of brother turkey and dashed wildly for the fence. Kelly made it but that turkey was only one peck behind when the leap to safety was negotiated.

Yes Kelly voted but for the life of him he can't understand how that turkey knew anything about his politics.

And, as an afterthought it could be added that Kelly sings in the choir of the First Methodist church on Sunday and the only time his veracity has in any way been doubted came as the result of a fish story last summer.

VAN ZANDT COUNTY SCHOOL HAS MANY TWINS ATTENDING

WILLS POINT, April 2.—(SP)—
A recent story appearing in the press of the state from Dodd City, claiming their school was the champion on twins has found a contender for that honor in the Emerson school, eight miles east of Canton. B. O. Box, principal of the school, says there are four sets of twins in the school and one more child that was a twin but whose mate is dead.

There are only 45 pupils in the school which shows that 20 per cent of the enrollment are twins. In addition to this one of the girls that attended the school last term has since married and is the mother of twins.

The twins are Doris and Horace Ward, children of Ben Ward; Irbey, their brother, was a twin and lost his mate; Vernon and Vera Young, children of M. L. Young; Pauline and Evaline Windham, children of L. L. Windham, and Nora and Lora Windham, cousins of theirs and children of W. L. Windham.

Former Corsicanan Visits Son and Family And Friends Here

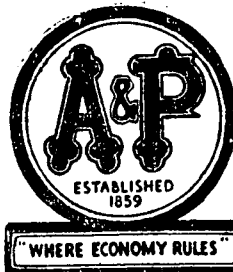

Mrs. Richard F. Barnett of Hollywood, Cal., is visiting her son, Searcy Hefflin and family, and Mrs. Lowry Martin for a short time, making the trip to Corsicana from Waco, where she has been attending the sick bed of her daughter, Mrs. S. E. Gaines, who underwent a serious operation two weeks ago. Mrs. Barnett reports that Mrs. Gaines is improving rapidly towards good health again, and that following her short stay in the city at this time she hopes to return for a longer visit prior to returning to her home in Hollywood.

Mrs. Barnett will be remembered as Mrs. G. J. Hefflin who made her home in Corsicana for many years prior to moving to California, her present home.

FORMER RESIDENT OF NAVARRO COUNTY BURIED AT RULE

MRS. SARAH A. WATSON
MOVED FROM BARRY TO
RULE 23 YEARS AGO

RULE, April 4.—Mrs. Sarah A. Watson, a resident of Rule for almost 23 years, died last Friday at her home here and was buried in the local cemetery Sunday afternoon.

Mrs. Watson, the widow of T. J. Watson, who died here in October 1928, was the mother of eight children, six sons and two daughters. All of them survive her as do one brother, one sister, 23 grandchildren and two great-grandchildren.

Funeral services were at 3 o'clock Sunday afternoon at the Rule Primitive Baptist church and were conducted by Elder Richards of that church. Mrs. Watson had been a member of that denomination since 1882.

Death of the pioneer Rule woman was caused by a complication of tonsillitis and brights disease. She was sick for about a week before her death. All her children were at her bedside for several days before her death.

The Watson family moved to Rule in December 1906, shortly after the town started. They built a home in the eastern part of town and Mrs. Watson lived there until her death. She was born near Monroe, in Walton county, Georgia, December 17, 1860. Her parents were Mr. and Mrs. James Monroe Betts.

On December 16, 1877 she married T. J. Watson and the family moved to Ellis county, Texas and settled near Avalon. They moved to Barry in Navarro county in 1888 and lived there until 1906 when they came to Rule.

The large congregation of friends and acquaintances at her funeral attested to the esteem in which she was held in this section. Many who came were unable to get inside the church. Over 70 relatives of Mrs. Watson were present at the service. The body was sent to the cemetery in a hearse filled with beautiful floral tributes. It was committed to the grave by Mrs. Watson's eldest son, Rev. J. W. Watson, pastor of the First Methodist church of Quanah.

Two sons and daughters of Mrs. Watson are: Rev. J. W. Watson, Quanah, L. B. Watson and Mrs. J. D. Bourland, Barry, R. P. Watson, Wichita, Kans., Mrs. J. E. Walling, Haskell, E. Tom Watson, Amarillo, Elmer C. Watson, Haskell and Walter W. Watson, Rule.

Mrs. S. A. Wilson, McDade, Beattrop county, a sister with Mrs. Watson for several days before her death. J. M. Betts, who has lived in the Rule community for over 20 years, was a brother.

Santa Fe to Begin Testimony Thursday At Lubbock Hearing

LUBBOCK, April 4.—(AP)—Intervenor in behalf of the Texas and Pacific subsidiary completed testimony yesterday in the hearing before the interstate commerce commission on rival applications to construct rail lines from here to New Mexico. The remainder of the hearing will be occupied by testimony of witnesses for the Santa Fe subsidiary.

The Santa Fe subsidiary, South Plains and Santa Fe, would extend from Seagraves, Texas, to Lovington, New Mexico. Many witnesses were here today to tell the advantages of the proposed line.

Those who testified in favor of the Texas and Pacific application yesterday included H. L. Birney, president of the El Paso Chamber of Commerce; E. W. Sewell, Dallas, with the Midland Refining company; Lon Goodman, Midland live stock buyer; J. A. Lusk, Carlsbad, N. M., ranchman; P. F. Chesner, Hobbs, N. M., lumberman; Walker Wilson, Fort Worth; Cecil Scharbauer, Midland banker and rancher; and E. R. Tanner, traffic manager for the El Paso Chamber of Commerce.

Supreme Court in Session Wednesday
AUSTIN, April 4.—(AP)—Among proceedings had in the supreme court Wednesday:

Application refused: Western Union Telegraph company, vs. J. A. Freeland, et al, v. Lubbock. Applications dismissed for want of jurisdiction: Gibson and Johnson, vs. W. O. Read, Taylor.

Motions for rehearing submitted: Gulf Coast Irrigation company, vs. J. B. Cary, Wharton; P. F. Chesner, vs. Mrs. Belle Wisdom, Wichita; George W. West's exrs. vs. Cameron county, Cameron.

Decided on reports of the commission of appeals: Judgment of the court of civil appeals reversed: that of the district court affirmed: Ocean Accident and Guaranty corporation, Ltd., vs. H. R. May, et al, Potter.

CHICKENS RETURNED. Wednesday of last week thirty-three chickens belonging to J. A. Young, residing south of Corsicana, and seven chickens the property of H. H. Minnis, in the same neighborhood, were stolen. Oscar Rudolph, a farmer residing near Fort Worth found the chickens in sacks where they had been hidden. The farmer immediately phoned Fort Worth officers and Deputies Dorby Roden and Ed Galloway answered the call. The officers did not move the chickens but lay in wait several hours. Arrests followed and the chickens were returned to their rightful owners.

Mr. Young is very grateful to the Fort Worth officers and requested his appreciated for their services by expressed through the columns of the Sun.

CONFEDERATE VETS TO MEET SATURDAY BUSINESS SESSION

The United Confederate veterans of Camp Winkler will meet in business session Saturday, April 6, at the chamber of commerce promptly at 2 p. m. This is an important meeting and will be of special interest to all members, for at this time officers for the camp will be elected and delegates to the Confederate reunion to be held at Charleston, N. C., June 4-9, will be chosen to represent Camp Winkler.

Our state representatives, A. N. Justiss and Mr. Cox are invited to attend this meeting and make clear to the veterans the meaning of the recently adopted measure concerning the pensions for Confederate veterans. This bill has a direct bearing and a peculiar interest for all veterans.

The commander, A. J. Heck, is anxious to have a large representation of the Camp and Daughters of the Confederacy present at this meeting. ADJUTANT.

Amarillo Men Are Renamed Head Of Oil Company

AMARILLO, April 4.—(AP)—The so-called "Battle of Proxies" in the Johnson Ranch Royalty company ended yesterday when Ed F. Mayer of Amarillo was returned to the presidency by a large majority. It was no surprise to E. K. Whitehead, vice-president, and Dr. Mary E. Bates, secretary, Whitehead declared last night.

Dr. Bates and Whitehead had been accused by Mayer of attempting to oust him from control of the company which he organized. Whitehead denied this.

"Mr. Mayer's large majority of votes was due to the fact that both Dr. Bates and I voted our stock for him," Whitehead said. "None of us ever had any idea of ousting Mayer and we are glad the vote turned out as it did," Whitehead declared.

Negro Demonstration Held Last Wednesday

On last Wednesday at 3 o'clock p. m. the negro women of the city met at the Colored Community Center to hold demonstrations. After devotion, the demonstrations began promptly, in the dining room. Lectures were made on table manners and a general talk on table manners was given by the home demonstration agent of Limestone county, Miss M. A. Brown, who also laid the table with linens, dishes, silver and glassware, suitable for breakfast, dinner, luncheon and supper.

Formal and informal dinners and luncheons were discussed in detail.

At this time, the women were given permission to ask questions on individual problems, to which they responded readily.

The dishes, glassware and silver were loaned by the Frank Wood Hardware company of this city. On Thursday afternoon in spite of the rain, the women came to take up the study of salads, etc. The place of salads in the meal, the making of mayonnais and French dressings, the base of all others, the combinations of salads, fancy salads, fruit and vegetables, were fully discussed by the agent of Navarro county, and demonstrations were made. Several cook and salad recipe books were given each woman present.

The women were so pleased with the results of the meeting that it was decided they would meet Tuesday afternoon at 2:30 to affect a permanent organization for the purpose of studying all subjects needed by housewives and women in service. These courses will be especially designed to meet the needs of housewives, and every woman interested in the care of the home.

ATTENDANCE AND INTEREST SHOWING MARKED INCREASE

Increased interest and attendance marked the service at the First Christian church last night. Two more services this week, tonight the minister will use as his subject, "The Guide-Post at the Parting of the Ways." Last night the subject was, "Can a Man Be Saved in Believing a Lie."

The minister said "There is quite a popular idea that it makes very little, if any difference what a man believes, in religious matters, just so he is sincere, and lives faithfully according to his belief. While these persons so believe in regard to religious matters no one of them has the same thought in regard to other interests. Would it not be exceedingly strange if the belief of an error in religion is just as well as the belief of the truth. We have the written instruction of the way of life and it is not so obscure that you cannot find it."

You will find a cordial welcome at all of these services. The congregation is taking on new life with an enlarged program, the spiritual life of the church is increasing. The Bible school is growing in numbers. You will want to find your way into these services. A welcome for all.—Reporter.

Assistant Chief Is Suspended in Probe Offer Dallas Blaze

DALLAS, April 4.—(AP)—with three firemen, including an assistant chief, already suspended, investigation continued today into the efficiency of the Dallas fire department in fighting a fire that destroyed the Rogers Lumber Company here Tuesday night.

Fire Chief Gambrell declared 30 or 40 per cent of the lumber yard might have been saved had additional equipment arrived in time. Those suspended were Assistant Chief D. D. Barnes, John Fillingham and V. Ludwick.

Purdon city team and the school boys crossed bats Tuesday afternoon, the score being 5-6 in favor of the city team. This was the first ball game of the season.

of the meeting the hostesses served delicious ice cream and cake.

On Tuesday evening at their home, Rev. and Mrs. J. W. Cowan were host and hostess to the board of stewards of Frost, McCord and Jones Ranch M. E. church. Fifteen members were present and a three-course dinner was served. Pink and white was used for the color scheme. In the center of the dining table a large vase of pink roses was placed with pink candles in hand-painted holders on each side. Brother Cowan made a short talk before the birthday cake with its twenty-one candles was placed before him and in his talk he said multiply 21 by three and you will see how many candles left off. The plate favor were indeed unique, "three wise monkeys, first indicated "say no evil," second, "see no evil," and third, "hear no evil." A short business meeting was held and at the close each one expressed themselves having had such a lovely time and declaring Rev. and Mrs. Cowan ideal host and hostess.

Mrs. Walter Hays and son of Corsicana were guests Tuesday of her parents, Mr. and Mrs. W. J. Holcomb.

Pat Collum of Corsicana was a Frost visitor Monday afternoon.

Mr. and Mrs. Will Mitchell of Dallas were guests Sunday of their mother, Mrs. Jane Mitchell.

Friday Clean-Up Day For Teague

TEAGUE, April 2.—(SP).—Through the instrumentality of its progressive civic clubs and other organizations interested in the welfare of the city, Teague citizens have named Friday, April 5, as a day on which will be staged and put over in every detail, a real clean-up day.

Mayor Robinson has issued a proclamation in which the solid cooperation of the citizenry is earnestly asked to the end that the project be made a great success.

MEXIA FARMERS TO BUY THOROUGHbred JERSEY HEIFERS

MEXIA, April 2.—(SP).—Farmers of Limestone and Freestone counties interested in purchasing thoroughbred Jersey heifers or milch cows have been invited to meet at the Mexia Chamber of Commerce at 10 a. m. Monday, April 8, by T. B. Lewis, county agent of Limestone. Mr. Lewis has nearly enough requests for heifers to make a carload, and desires to purchase the cows while on the trip.

A year ago Mexia unloaded the first carload of registered Jersey bulls ever shipped into Texas. All of the bulls were from Register of Merit, 300 pounds butter fat or more records.

A number of shipments of registered Jersey calves were brought into the county. These have greatly improved the herds here.

The Bi-Stone Association of Chambers of Commerce has asked all towns to complete their dairy census, by April 5, when data will be compiled and efforts made to get a creamery started in the district, in addition to the plants already in operation.

An Oklahoma Mother Says:

"BLACK-DRAUGHT is a fine medicine to give to children. Use it for me whenever I need to give them a laxative. They don't mind taking it when I make it into a tea, and it quickly relieves constipation and the bad symptoms which come from it. I can recommend it to other mothers, for I have found it useful in my home."

"When I was a child my mother gave it to me whenever I complained of not feeling well. I have always taken it for upset stomach and constipation. It is about the only medicine I have to take. A few doses of Black-Draught, now and then, keep my system in order. My husband takes it, too. I hardly see how I could keep house without Black-Draught. It has become a standby with us, in keeping the children and ourselves well."—Mrs. Luther Brassfield, Claremore, Okla.

B. & J. Sales Company

407-409 N. Beaton St. Corsicana, Texas

CHAMBER COMMERCE SECRETARIES FROM 11 STATES TO MEET

THREE-DAY JOINT CONFERENCE-SCHOOL WILL OPEN THERE ON MONDAY

Secretaries of Chambers of Commerce from eleven states will gather in Dallas Sunday night for the opening Monday of a three day joint conference-school of the Texas Commercial Executives Association and the Southern Commercial Secretaries' association. Men nationally prominent in community organization work will be on the program which includes lunch and evening sessions with at least one breakfast program.

These annual conferences are held to give secretaries the opportunity to interchange ideas and experiences and to become informed by competent authorities on the changing problems of community life. Among the subjects which will get attention are aviation, city planning, industrial development, highway programs, various phases of agriculture and numerous phases of chamber methods.

Among the speakers will be D. A. Skinner, Washington, general secretary of the United States Chamber of Commerce; Ralph Bradford, Washington; R. E. Beal, Spartanburg, S. C.; Robert J. Smith of the Texas Air Transport Co.; Gardner S. Rogers, Washington; City Manager O. E. Carr, Fort Worth; E. D. Ramsey, Lynchburg, Va.; Geo. C. Gibbons, Ardmore, Okla.; Major Roy F. Britton, St. Louis; E. S. Soat, Jennings, La.; C. R. Miles, Lexington, Ky.; Roger Miller, Asheville, N. C.; Karl Lehman, Orlando, Fla. and several Texas secretaries.

W. Roy Christian, secretary of the Corsicana chamber is secretary of the Texas organization which is meeting jointly with the chamber secretaries for the first time in some fifteen years. Miss Estaleen Edwards for four years office secretary of the local chamber will attend and also Mrs. Christian. Special conferences will be held for office secretaries.

TEXTILE STRIKE ON CAROLINA MILLS NOW IN FULL FORCE

EFFORTS AT CONCILIATION WEDNESDAY APPEARED TO HAVE BEEN FAILURE

CHARLOTTE, N. C., April 4.—(AP)—Picket lines and idle looms were the order in Carolina textile circles today.

Efforts at conciliation in the four strike centers of the state yesterday appeared to have failed, and more than 5,000 textile workers remained away from their jobs today, most of them in protest against the introduction of efficiency systems.

The only visible sign of tense feeling was a cluster of white military tents upon the Loxley mill yards of Gastonia, N. C. Five companies of the North Carolina National Guard were ordered there yesterday after police had been overpowered by jeering crowds and rioting appeared imminent.

At Gastonia, also, nine strike sympathizers, three of them women, were docketed for trial in police court for alleged assaults on officers, disorderly conduct and similar offenses. Six of them spent last night in jail.

BABY BOOKS—School MEMORIAL BOOKS—Fine Stationery—Pound Paper—City Book Store—WHERE YOU GET WHAT YOU WANT WHEN YOU WANT IT.

WHEN IT LOOKS DARK to any weak, nervous or ailing woman, Dr. Pierce's Favorite Prescription comes to her aid. Women in every walk of life today say Dr. Pierce's Favorite Prescription is a reliable medicine. It is made from roots and herbs, sold by druggists, in both fluid and tablets.

Mrs. Lenora Booth of 224 Ellis Ave., Fort Worth, Texas, said: "Dr. Pierce's medicine restored me to health when I was nothing but a physical wreck. When I was a girl growing I was very backward in developing. I grew puny, weak and sickly, my nerves gave way and it was so poorly I had to give up school. Upon the advice of an aunt I started taking Dr. Pierce's Favorite Prescription and the 'Golden Medical Discovery,' and thru their use my health was restored. I developed into womanhood without further trouble. Send 10c for trial package to Dr. Pierce, Buffalo, N. Y., and write for free medical advice."

COURT HOUSE HAPPENINGS

District Court.
The grand jury which was empaneled Monday recessed late Wednesday until Thursday morning, April 11. Three indictments for alleged violation of the prohibition laws were returned Wednesday by the investigators.

District Clerk's Office.
The following cases were filed: Cleon McCoy vs. John McCoy, divorce.

County Court.
A verdict favoring the Powell Salt Water company, et al., was returned Wednesday afternoon in the case of W. P. Pritchett vs. Powell Salt Water company, et al., damages, alleged to have been sustained by property of the plaintiff on Cedar Creek from salt water and oil.

BELIEVED CHICAGO WOMEN ATTACKED BY ANOTHER PERSON

MURDER AND SUICIDE THEORY DISCARDED BY INVESTIGATORS THURSDAY

CHICAGO, April 4.—(AP)—What at first appeared to be an attempted murder and a suicide had turned today into a mystery in which a third person may have played a part.

Two aged women—a wealthy widow and her maid—were found in the former's apartment yesterday. The maid, Mrs. Iba Peterson, was dead, a broad knife in her neck; her mistress, Mrs. Helen Kelso, 70, was near death from hammer blows.

The first theory of police was that the maid, 67, had beaten Mrs. Kelso with a hammer, and had taken her own life. Mrs. Peterson, who had been a maid for Mrs. Kelso for 27 years, at one time was an inmate of the state hospital for the insane.

Circumstances tending to contradict the theory were found by investigators. Physicians expressed doubt the maid would have had sufficient strength to have plunged the knife into her neck with such force as to break off part of the blade. They also added from the blood that flowed from both that Mrs. Kelso may have been attacked after the maid had been slain.

HEAD ANTI-SALOON LEAGUE IS RELEASED FROM PENAL FARM

SERVED FIFTY-THREE DAYS FOR CONTEMPT OF INDIANA SUPREME COURT

PUTNAMVILLE, Ind., April 4.—(AP)—E. S. Shumaker, superintendent of the Indiana Anti-Saloon League, was released from the state penal farm this morning after serving 53 days of a sixty day sentence for contempt of the Indiana supreme court. Seven days were stricken off the sentence for good behavior.

The veteran prohibition leader was as smiling when he was discharged. He took his incarceration "an interesting experience," and said most of the bootleggers he met in the penal institution had admitted they had done wrong and intended to "go straight."

The state supreme court held Shumaker in contempt when he caused to be published in the Anti-Saloon League's official organ articles which attributed prejudice to certain members of the court in decisions on liquor appeal cases.

Convict Oklahoman On Murder Charge
PERRY, Okla., April 4.—(AP)—A verdict convicting Joe Tobin of first degree manslaughter and recommending a 10-year penitentiary sentence was returned here today. Tobin was tried for killing Ross Hurst of Pawnee, deputy game warden, at the Tobin home here the night of September 13, 1928. The defense pleaded Tobin was protecting his home when he shot Hurst.

AVIATION OFFICIALS ARE BEING URGED TO SEE AIRPORT OPENING

LETTERS ARE BEING SENT TO MANAGERS OF EVERY TEXAS AIRPORT

In line with the plans of General Chairman W. C. Stroube to assure one of the greatest celebrations in the history of the county through the co-operation of the entire citizenship when the municipal airport is formally opened on April 27-28, the chamber of commerce office was busy Thursday in forwarding letters to numerous aviation officials.

Letters are being sent to the managers of every Texas airport asking recommendations for an invitation list which is expected to assure a large number of commercial airplanes.

Plans previously have been under way by Chairman Stroube to get some twenty-five army planes of various types and to assure the presence of high ranking army officials in the air service.

Invitations in person have been extended by members of the committee already to a number of prominent aviators and aviation officials.

A quantity of small cloth banners advertising the celebration, ordered by Chairman Stroube, have been received at the chamber of commerce and will be distributed over a wide territory. A. L. Springfield, local ticket agent for the Southern Pacific and Cotton Belt railroads, is working actively with the advertising committee and is personally handling the distribution of publicity in towns in his territory on these rail lines.

Negotiations are also under way for an extra stunt attraction. Many varied features have already been scheduled.

Members of the Navarro County Shrine club, which is taking the initiative in sponsoring the big occasion, are delighted with the wonderful spirit of response from all civic organization of Corsicana and many individuals throughout the county.

Funeral Services For Little Child Are Held Thursday

Funeral services for Roxie Louise Shelton, 2-year-old daughter of Mr. and Mrs. Henry Shelton of Pampa, who died Monday, were held Thursday afternoon at 2 o'clock at the Providence church with interment in the Eureka cemetery. The services were conducted by Rev. H. E. Caraway, Baptist minister.

Prior to moving to Pampa, Mr. and Mrs. Shelton resided in the Eureka community.

The Corley-McMahon Funeral Home directed the funeral.

Man Convicted in Murder Case Faces Liquor Possession

HOUSTON, April 4.—(AP)—L. O. Tarrant, garage owner, at Liberty under \$10,000 appeal bond on a murder charge, was sought today by federal officials who hold a warrant for him charging possession and transportation of liquor.

Tarrant is wanted, officers said, in connection with seizure of a coupe and 213 pints of whiskey at Corpus Christi on March 30. Two men and a woman were arrested in Corpus Christi after the seizure.

Tarrant was tried on a murder charge growing out of the death of C. L. Bryant of Galveston, shot to death here on January 1. He was convicted February 13 and given ten years.

Flying Bull Is Central Figure At Dairy Meet

SCHULENBURG, April 4.—(AP)—"Carnation, Badger Aero Line Star," the Carnation Milk Company's flying bull, was trying to regain his "land legs" today.

The bull arrived here yesterday after completing a 1200 mile air trip from Oconomowoc, Wis. Governor Dan Moody took part in the presentation of the animal to the dairy industry of Texas and the Fayette county agricultural committee.

The flying bull arrived while the observance of Carnation Day was at its height. Gov. Moody turned the first spade of dirt from the new \$300,000 milk condensing plant.

A tremendous crowd representing many parts of the South, Central and Southwest Texas, heard Dean E. J. Kyle of Texas A. & M. Senators Gus Ruesbeck of Schulenburg, A. J. Wirtz of Seguin, Carl Hardin of Stephenville and John Hornsby of Austin, and a number of other speakers.

FEDERAL RESERVE DISTRICT GOVERNORS MEET IN WASHINGTON

WASHINGTON, April 4.—(AP)—Governors of the twelve federal reserves met in joint session with the reserve board today with Secretary Mellon announcing before hand no action bearing on the financial situation would be taken.

Mr. Mellon declared the conferees would consider only routine affairs of the system.

The secretary said that during the three-day semi-annual meeting the governors they might have discussed the general financial situation but if this was done, it was only incidental to their conversations on the routine business of the banks, and no action was likely to result from their conferences. Secretary Mellon said it was possible the governors might make recommendations affecting their banks but he did not know they planned to do so.

NATIONAL GRANGE HEAD PRESENTED FARM RELIEF PLAN

FIVE PROPOSALS DEEMED NECESSARY PLACED BEFORE HOUSE COMMITTEE

WASHINGTON, April 4.—(AP)—Five proposals he considered necessary to secure adequate agricultural relief were laid before the house agriculture committee today by L. J. Taber, of Columbus, Ohio, master of the national grange.

These, he said, were agricultural tariff revisions, a federal farm board, the export debenture or drawback plan to bring benefits to exportable farm products, a sound land policy and waterway development, and organization, co-operation and efficient production.

"Agriculture is entitled to the same measure of protection that other groups enjoy," said Taber.

"A study of the workings of the tariff act indicate an average ad valorem protection of 42.8 percent on all the other schedules except in agricultural products and provisions, which show but 22.54 percent. In addition, it must be remembered that many farm products are now taxed the free list that should be protected. Agricultural imports have increased in volume until we are now practically importing our surplus."

ACCEPTS NEW PLACE

Inquiry Into Death Millionaire Oil Man Proving Fruitless

TULSA, Okla., April 4.—(AP)—After five days of fruitless inquiry into the death of W. S. McCray, Tulsa oil man, county authorities today moved in a last effort to prevent the case from collapsing.

District Judge Saul Yager will be asked for court authority to summon witnesses for questioning in regard to the McCray affair, Byron Kirkpatrick, county attorney said.

"We will prepare murder charges against John Doe and Mary Doe and proceed with the case through summoning of witnesses to my office for questioning," Kirkpatrick said.

"I feel that many persons have not told all they know in this matter and that some have evaded pertinent answers."

WUHAN ARMIES ARE CLAIMED IN RETREAT ALONG ALL FRONTS

HANKOW, CHINA, April 4.—(AP)—The Wuhan armies, which have been opposing the advance of the national government troops on Hankow, collapsed today and were retreating on all fronts.

The Wuhan general commanding the Hwang-Pei sector has gone over to the Nanking government, permitting Nanking troops to penetrate the defense line of the Wuhan forces. Wuhan troops are retreating in confusion. Panic reigns in the Chinese city at Hankow.

Refugees streamed into the foreign concessions here. Martial law has been proclaimed.

CORSICANA TAX COLLECTOR BACKS PLAN OF PERMITTING PAYING TAXES TWICE YEARLY

The suggested legislative proposal of permitting property owners to pay their taxes semi-annually should prove a distinct convenience to many taxpayers and result probably in somewhat less delinquency, according to W. P. Seale, city tax collector and assessor.

Mr. Seale discussed the matter recently in connection with the recent approval of the directors of the Corsicana Chamber of Commerce to a movement sponsored by several Texas cities seeking to have a bill permitting two tax-paying periods annually re-submitted to the called session of the legislature by the governor.

Since the financing of municipal governments is of such extreme importance, methods incident to

tax collection and assessment are engaging the attention of men in this work throughout the country, explained Mr. Seale. Just as methods of business have been improved to meet modern complicated demands, so experienced men in municipal fiscal affairs are compiling and exchanging the results of their experience.

Mr. Seale added that the consensus of opinion among students of tax matters was that the two installment plan is working out extremely satisfactorily.

While the privilege of paying taxes in two equal installments would increase the clerical work somewhat in the tax office this additional work could be handled

without extra expense, he explained. Mr. Seale pointed out that the government recognized the convenience to the taxpayer of the installment plan by permitting the income tax to be paid in installments.

This proposal touches the heart of the problems of the tax collector's office. Every efficient collector seeks primarily the equitable assessment of taxes, the least amount of delinquencies, with the greatest amount of convenience and satisfaction to the taxpayer.

Since the modern city budget is based usually upon the expectation of reasonably complete tax collection, it can be readily seen that if ten percent of the city's taxes are not collected, the city's expected income is reduced by ten percent and a deficit or a crippled operation in some department may result. This places a still greater burden on the paying taxpayers, continued Mr. Seale. Anything which seeks to make more complete the enforce-

LEADING CITIZENS BACKING MOVEMENT FOR WAR MEMORIAL

The following additional endorsements, accompanied by checks contributing to the cause, for the erection of a memorial to the Navarro county boys who lost their lives during the world war are given without comment, as they speak for themselves:

Corsicana Daily Sun, City.

Gentlemen—

I herewith enclose my check for \$50.00 to apply on the fund being of delinquency has always been materially decreased from the very beginning of the use of such plan or system.

raised for the construction of a memorial to the Navarro county boys who lost their lives in the late war. The movement is so worthwhile and the amount to be raised so small, it looks like everyone would be anxious to have some part in it.

Yours very truly,
C. S. Stroud.

Corsicana, Texas.
April 1st, 1929.

To the Daily Sun—

Please allow me to express the earnest wish of Mrs. Mills and myself that the movement for the erection of a Soldiers' Memorial in

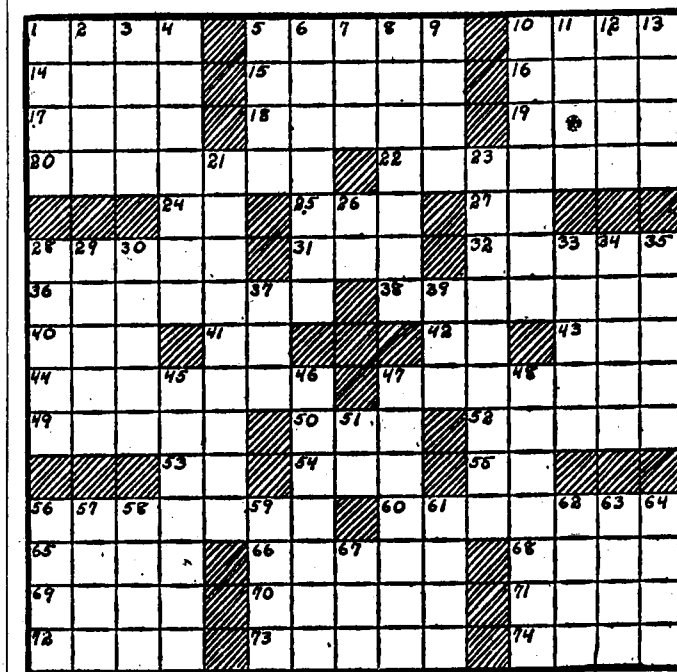

Corsicana shall be an unqualified success. We are confident that such will be the case. We enclose ten dollars to be used for the promotion of the cause.

Yours very truly,
Mr. and Mrs. Chas. H. Mills.

This will be good time to unload your surplus cox and hens at what we think will be top price this spring.

A. B. WALKER & SON

OKLAHOMA-TEXAS AUTHORITIES WILL CONFER AT SHERMAN

MATTER OF SUIT AGAINST RED RIVER BRIDGE COM- PANY TO BE DISCUSSED

OKLAHOMA CITY, April 4.—(AP)—Texas and Oklahoma officials will confer at Sherman tomorrow on a suit planned against the Red River Bridge company, which operates a toll bridge across Red River between Denison and Durant.

Several weeks ago the war department ordered toll rates reduced on the Red River bridge. Owners of the Denison bridge have not complied with the order, having instituted suit at Washington to enjoin the state from enforcing the lower rates.

W. L. Murphy and W. C. Lewis, assistant attorneys general of Oklahoma, and W. C. Burnham, state bridge engineer, will leave here today for Sherman. R. M. Tilley, assistant attorney general of Texas, will meet them in the Texas city tomorrow. Mr. Murphy said a suit probably would be filed at Sherman seeming to stop collection of tolls on the Denison-Durant bridge. At Austin, Attorney General Pollard said whatever action taken by the states depends on information given at the joint meeting.

Tilley Represents Texas. AUSTIN, April 4.—(AP)—Assistant Attorney General R. M. Tilley and State Bridge Engineer G. S. Wickline leave today for Sherman for a conference tomorrow with Oklahoma officials regarding toll rates on a bridge over the Red river.

Two members of the Oklahoma attorney general's department and State Bridge Engineer W. C. Burnham will represent that state.

No Hearing of Suit Asked. DALLAS, April 4.—(AP)—The federal government has not asked, so far as is known, to have the Red River Bridge company injunction suit set down for hearing, it was learned here today from J. W. Bailey, attorney for the bridge company.

Bailey said the injunction was in effect. He said several hearings similar to the one at Sherman tomorrow have been held.

Bridge Company Uninterested. SHERMAN, April 4.—(AP)—Reports here today that state officials of Texas and Oklahoma planned a joint conference on the Red River Bridge company toll problem were said by company officials to have no particular known significance.

Miss Margaret Kelly, of Denison, secretary of the company, said her company had not been officially notified of the meeting or invited to attend.

She explained the bridge company was granted a temporary injunction several weeks ago restraining the enforcement of collection of lower fees at the bridge as ordered by the war department. The injunction, she said, was granted by the district court at Washington, D. C., and was still in effect insofar as she knew.

PEOPLE OF FRANCE PAID MAGNIFICENT TRIBUTE TO HERRICK

(Continued from Page 1)

ceremonies at the embassy were present at the church service. He entered and took his place in the other pews.

Dean Beekman read the usual Episcopal service for the dead in the presence of as many people as could crowd into the church. They were overjoyed that the honors still to be paid the ambassador's body at Rest, where the swift courier Tourville waited to carry it across the waters to the United States.

Silent Tribute Paid. The thousands who lined the street in front of the embassy overflowing into the Trocadero grounds alongside, remained motionless and speechless, heads bowed, as the ambassador's body left the embassy for the last time. The hearse was drawn by six black horses covered with black crepe on which were gilt stars. It was followed immediately by a band of chancery of the legion of honor bearing the ambassador's grand cross of the legion on a cushion.

A detachment of the republican guards, in their band, and the marching band of General William Harris, American military attaché and Norman Armour, counselor at the embassy, led the mourners with Mrs. Parnely Herrick and Madame Salmeh following. The cortege passed up the Avenue d'Alba, across the Avenue de la République and down the Avenue George to the cathedral long lines of French infantry presented arms.

Services Is Simple. PARIS, April 4.—(AP)—With the solemn simplicity of the Protestant Episcopal ritual, the funeral of the late Ambassador Myron T. Herrick was held today in the American church of the Holy Trinity. The mahogany coffin, over which the stars and stripes lay draped, was brought into the church at 11:15 a. m., followed by the entire French government, the whole of the diplomatic corps at Paris, and one hundred Americans in formal morning wear, whose sombre garb was in sharp contrast with the blue uniforms and gold braid of their marshals of France and the khaki of American army officers.

The service, conducted by Dean Beekman, followed with strict simplicity the book of common prayer and less than an hour after the ambassador's body had been brought into the church the ceremony was at an end.

Couple Held After Automobile Accident

CORPUS CHRISTI, April 4.—(AP)—Mr. and Mrs. L. B. Brown of Gatesville, arrested yesterday at Edinburg in connection with an automobile crash near Edinburg in which two women were reported to have been injured. The automobile in which the women were riding was struck by motorists who it is alleged did not stop.

Dit McCormick was here from Waco, with home folks for the week-end.

Miss Mable Mabry came out from Corsicana and spent the week end with her grandmother, Mrs. E. M. Mabry.

The Comfort There Is in "Plenty"

To some "plenty" means one thing—to others another.

To the average man plenty merely means a comfortable present and a protected future.

To any and all there is lasting peace of mind in plenty, regardless of the figures.

And—most men can HAVE plenty.

Corner 13th Street and Second Avenue.

Why Use a Bunch of Keys to Open One Door?

Why skip hither for clothing—and yon for shirts and accessories—when everything you need is under one address?

Creating and shaping ensembles is our greatest delight—starting at underwear and ending with the last fling of a kerchief.

Famous merchandise—and the ability of bringing it from coast to coast and from collar to hosiery.

Schloss Baltimore Suits.
Manhattan Shirts.
Manhattan Underwear.
Schoble Hats.

Johnson Clothing Company
